Message from Mayor Dunlavy...

Mayor Patrick Dunlavy

Congratulations to Detective James May for being named the Utah State Police Officer of the year, what a very special and deserving honor for him!

The Tooele City Wastewater Reclamation Facility has also been nominated to receive the State Award for Outstanding Wastewater Treatment Facility, from the Water Environment Association of Utah. I am so proud of this recognition. It shows the high level of commitment to the things that are so vital to our city.

Tooele City also is very involved in the decisions being made by the Utah League of Cities and Towns, with Councilman Steve Pruden now a member of their Board of Directors. Library Director, Jami Carter, has been appointed to the Utah Library Association Executive Board. Kami Perkins our Human Resources Director sits on the Workers Compensation Advisory Council Board. Christian Scott, the Golf Professional at our Oquirrh Hills Golf Course is on the Board of Directors of The First Tee of Utah. He and the board members oversee the statewide First Tee Program in schools around the State teaching core values, life skills, and golf etiquette—encouraging participation of the youth in the sport of golf.

I share this with each you to let you know that I, and the employees of Tooele City are committed to being directly involved in decisions that are made and funding sources that are available through these organizations. We benefit directly in what they are doing to make our City better. We are involved and we have a say in the direction these organization are going. The knowledge and experience we have at Tooele City is sought after around the State. I'm very proud of each of them.

If you have comments or questions, please contact me at (435) 843-2104 or e-mail me at patrickd@tooelecity.org.

There are $750-$1,000 scholarships available! There is no swimsuit or fitness competition! The Pageant will be held on July 1, 2013. Don't delay, the **Application Deadline is May 30, 2013 at 12:00 p.m.** Please visit our website www.tooelecity.org or contact Kami Perkins (435) 843-2105 kamip@tooelecity.org for more information!

Miss Tooele City 2013

4th of July 2013...from Kathy Bell Tooele City Parks & Recreation Director

The Tooele City 4th of July committee would like to challenge all businesses, church groups, schools, families, etc., to build a float for the 4th of July parade this year. A float can be something as simple as a decorated trailer pulled behind a vehicle.

What a great way to show your support for the community in which you live and do business! Not to mention, it is a great, inexpensive way to advertise.

For more information, please contact Kathy Bell, at (435) 843-2140. We will start taking parade entries on May 1, 2013. This year, let's make the 4th of July celebration the best one ever!

DATE NIGHT: MOVIE AT THE LIBRARY • *Friday, April 26 • 6:00 PM*

Enjoy a free date night with your sweetheart including a great new release movie and popcorn. For adults only (18 years and older).

The Tooele City Police Department needs you to build a safer community! We are working with residents to rollout *NextDoor* in neighborhoods across Tooele City. *NextDoor* is a free private social networking website for your neighborhood and makes it easy to connect with your neighbors and build safer, stronger, happier places to call home.

You can use your *NextDoor* neighborhood website to:

- ❖Get to know your neighbors;
- ❖Share information about traffic, lost pets, crime and emergency preparedness;
- ❖Ask questions or get advice on babysitters, restaurants, carpet cleaners & more;
- ❖Receive & comment on important information from the Tooele City Police Dept.

We are looking for citizens who are interested in being a "Founding Member" for their neighborhood. The Founding Member is the first person to join *NextDoor* in a neighborhood, and entails inviting your neighbors to join you on *NextDoor* and starting a few conversations.

To learn more, go to http://www.nextdoor.com/ and watch the video. If you are interested in being the Founding Member of your *NextDoor* neighborhood website, email crimeprevention@tooelecity.org with your address. Thank you!

From June to August 2012, *Water & Wastes Digest* magazine encouraged project leaders to submit entries showcasing industry-specific projects in design or construction during the past 18 months. The different projects ranged from $950,000 to $80 million dollars. **Of the many projects submitted, Tooele City's Facility Upgrade was chosen as one of the "Top Ten" projects in the nation.**

Tooele City's water reclamation plant is a reuse facility utilizing 100% of the effluent for Type I reuse. The goal of the project since conception has been to reuse all of the city's resources to the greatest extent possible. This included the biosolids as well as the effluent water. The project consisted of upgrades to the biosolids handling and the disinfection systems. Disinfection was originally accomplished by addition of sodium hypochlorite generated on site. Ultraviolet disinfection was selected for the upgrade based on several factors The most driving factor was the difficulty in maintaining a chlorine residual just over 1ppm. The UV system provides a more consistent dosing method and therefore it is more efficient. Ozonia's 3X ultraviolet system was chosen for the upgrade.

When considering options for the biosolids project it was important to obtain the goal of "Complete Reuse". Only systems that would insure beneficial use of the biosolids were considered. The city eventually determined that solar drying of biosolids fit the goal best by providing beneficial use of the biosolids and reducing the operation cost and carbon footprint of the plant. The city selected the Huber system for solar drying which provides both Class A and Class B biosolids at the same time reducing operating costs. This is the first installation for the Huber system in the nation.
