About Us

- On October 6, 2005, Governor Jon M. Huntsman, Jr. signed an executive order officially creating the newly structured State Office of Ethnic Affairs (OEA).

- Structure: The OEA director oversees four directors who represent the Asian, Black, Hispanic/Latino, and Pacific Islander communities. Other staff members include a research analyst/projects, community outreach coordinator and three administrative staff.

- Our Purpose: OEA promotes institutional change by partnering with State agencies to assure equity and access to culturally competent programs and services, to review their policies, practices, procedures and to ensure proper delivery of State services and resources to the ethnic community.

Services

- Public Service: OEA coordinates projects and events targeted at improving the quality of services and outreach to the ethnic community through partnerships with other state agencies.

- OEA assists constituents of the ethnic communities by providing referrals as they seek services in state government.

- Web Site: OEA provides a culturally competent and user-friendly website that provides access to useful resources and information. Link features include: community resources, ethnic community directories, events calendar and on-line subscription to weekly announcements. www.ethnicoffice.utah.gov

- Services to State Agencies: OEA provides cultural competent consultation to state agencies and reviews their policies and procedures in order to assure outreach and accessibility of services and programs to all Utahns.

- Public Policy and Research: OEA conducts analysis of ethnic data, legislative issues and provides fact sheets on Utah’s ethnic communities. The Office also provides access to reports about Utah’s minority population prepared by other departments or organizations.
