Mandate Utah Code Title 26, Chapter 7, Section 2
Mission To advance health equity and reduce health disparities in Utah
Director Dulce A. Díez, MPH, MCHES ddiez@utah.gov (801) 703-0064
Website www.health.utah.gov/disparities

COLLABORATION PROJECTS

1. ***Bridging Communities and Clinics Primary Care***

Purpose: To link residents of Glendale (SLC) and South Salt Lake with primary care.

Partners: Health Access Project (Community Health Centers)
Communities United (community-based organization)
National Tongan American Society (community-based organization)
Salt Lake American Muslim (community-based organization)
Utah Health Policy Project (community-based organization)

Status: Completed. Screened and referred 216 individuals; 126 of them were connected to primary care.

2. ***Bridging Communities and Clinics Dental Days***

Purpose: To provide dental care in a brick and mortar clinic to residents of Glendale and South Salt Lake.

Partners: UDOH Family Dental Plan Clinics
UDOH Oral Health Program
Roseman College of Dental Medicine
Salt Lake Community College Dental Hygiene Program
Volunteer dentists and dental hygienists
Community Organizations from Glendale and South Salt Lake

Status: Completed. OHD sponsored and hosted three dental days at the Salt Lake UDOH Family Dental Plan Clinic. More than 250 individuals received free dental services totaling more than \$52,000.

3. ***Bridging Communities and Clinics: Mobile Oral Health Clinics***

Purpose: Provide dental care in a mobile dental clinic to residents of Glendale (SLC) and South Salt Lake

Partners: Community Building community (community-based organization)
Salt Lake Community College Dental Hygiene Program
PROMISE South Salt Lake (city of SSL)

Status: Completed. OHD sponsored and coordinated three mobile clinic events. Free dental care was provided to 71 SSL residents.

4. ***Fortis Free Dental Days***

Purpose: To provide dental hygiene services to refugees. To educate refugees about dental hygiene and dental services.

Partners: Fortis College of Dental Hygiene
UDOH Oral Health Program
Granite Peaks Learning Center

Status: Completed. Coordinated one event that provided services to 35 refugees.

5. ***Seal Your Smile School-Based Sealant Program***

Purpose: To evaluate the program and its impact on oral health disparities in children attending schools on the west side of Salt Lake City.

Partners: UDOH Family Dental Plan Clinics
Salt Lake Education Foundation

Status: Ongoing

6. The Fortitude Project

Purpose: To bring a mobile unit to the Fortitude facility to provide primary care, vision care, and medically assisted treatment (MAT) for substance use disorders to Fortitude residents. To develop processes for mobile health care services for this population.

Partners: UDOH Violence and Injury Prevention Program

Utah Department of Corrections Fortitude Treatment Center (state agency)

Utah Partners for Health (Federally Qualified Community Health Center)

Status: Ongoing

7. Improving Data Analysis of Racial/Ethnic Disparities

Purpose: To allow users to query health indicator data by a combined race/ethnicity option, instead of having to query once for ethnicity and once for race. This will ensure a more complete and accurate picture of racial/ethnic disparities in Utah.

Partners: UDOH Center for Health Data and Informatics

Status: Ongoing

TECHNICAL ASSISTANCE

1. It Takes a Village Giving Our Babies the Best Chance (Replication)

Technical assistance provided: The University of Utah and Southern Utah Pacific Islander Coalition

Summary: With the support of the OHD, the University of Utah was awarded national funding to replicate the OHD's It Takes a Village project in St. George, Utah. The OHD is providing technical assistance through facilitator training, data support, a fidelity assessment, and guidance.

2. Oral Health Report

Technical assistance provided: UDOH Oral Health and Maternal and Child Health

Summary: The OHD has contributed and co-authored with the OHP a new report utilizing the All Payer Claims Database to analyze the number of Utahns who sought oral health care services in a Utah hospital emergency room. Other partners involved in this project include Voices for Utah Children and the former state dental director.

3. TeamSmile

Technical assistance provided: TeamSmile, Granite School District, and the Utah Jazz

Summary: The OHD provided technical assistance and linked TeamSmile and the Granite School District to organize a day of free dental services for elementary school students. On April 11, 2019 more than 250 elementary school children from Magna and West Valley City received free dental services at the Vivint Smart Home Arena.

4. Foundation for Opioid Response Efforts (FORE) Grant Application

Technical assistance provided: United Way Salt Lake 2-1-1 and iCHAMPS

Summary: The OHD partnered with United Way Salt Lake 2-1-1 to submit a proposal to bring funding over two years to Utah to address the opioid epidemic by building resources for our recently incarcerated population.

5. Administration for Children and Families Interoperability Grant Application

Technical assistance provided: United Way Salt Lake 2-1-1, Utah Health Informatics Network, UDOH Center for Health Data and Informatics, Comagine, and 2-1-1 San Diego

Summary: The OHD provided technical assistance to United Way Salt Lake 2-1-1 to submit an interoperability grant application. The OHD proposed standardizing the Social Determinants of Health language and measurement as well as integrating the Utah Health Improvement Index into the Community Information Exchange.

6. UDOH Disability and Health Program

OHD staff reviewed and provided feedback on a disabilities training.

7. UDOH Baby Your Baby Program

OHD reviewed and provided feedback on its outreach program.

8. UDOH BHP Primary Prevention Group

OHD participated and provided feedback on a health equity training.

9. UDOH Violence and Injury Prevention Program

OHD participated in a grant review committee

GROUPS COORDINATED

- **The Health Disparities Advisory Council (HDAC)**

Purpose: The OHD hosts and facilitates the HDAC, an advisory council from the UDOH that aims to align public health efforts with key stakeholders in the state of Utah to systematically address health disparities.

Partners: University of Utah Health Systems, Huntsman Cancer Institute, Voices for Utah Children, Community Health Centers of Utah, Intermountain Health Care, Brigham Young University, Utah Multicultural Affairs Office, Association for Utah Community Health, Neighbor Works Salt Lake, Select Health, Steward Health Care, Community Building Community, Comunidades Unidas, Health Access Project, Somali Community Self-Management Agency, National Tongan American Society; and Utah Department of Health programs, Children with Special Health Care Needs and Oral Health

Summary: The HDAC convenes meetings three times per year: April, August, and December where specific health equity issues are discussed. The committee currently has 25 members.

- **The UDOH Health Equity Work Group (HEWG)**

Purpose: The purpose of this workgroup is to advance health equity (HE) in Utah by integrating HE principles and practices into the UDOH's work internally, with communities, with outside agencies, and to champion a transformative change. In addition, this workgroup will help the UDOH with public health accreditation requirements.

Summary: The HEWG is integrated by 21 representatives from all UDOH divisions. A representative from human resources and a representative from the Utah Association of Local Health Departments are also invited to the meetings. This group meets monthly; the first meeting was held in October 2019.

COMMITTEES

OHD staff participates in the following committees:

- ***The Utah Health Literacy Coalition***

Purpose: To help provide accurate health information and services people can easily find, understand, and use to inform their health decisions and actions.

Partners: Intermountain Health Care, the University of Utah Medical Library, Huntsman Cancer Institute, Salt Lake County Libraries, Summit County Library, Utah Library Association, Select Health.

Role of OHD: OHD is helping to lead the organization to develop an online media presence.

- ***United Way Social Determinants of Health Coalition***

Purpose: To share a community protocol around five elements of social determinants of health: assessment, referral, communication, follow up, and analysis.

Partners: University of Utah Health Care, Intermountain Healthcare, Utah Health Information Network, Association of Utah Community Health, Select Health, Steward Health Care, City of South Salt Lake Promise Neighborhood, Salt Lake County Health Department, among others.

Role of OHD: Provided feedback; share data and information.

- ***Driving Out Diabetes External Advisory Board***

This is an initiative from the Larry H. Miller Wellness Initiative at the University of Utah. The working areas include diabetes prevention, diabetes clinical care, and research.

Role of OHD: Provide feedback on projects and activities.

- ***Utah Oral Health Coalition***

Role of OHD: OHD's staff serves as Technology and Data subcommittee chair.

- ***Utah Newborn Safe Haven***

- ***March of Dimes***

- ***Bureau of Health Promotion Primary Prevention Group***

- ***UDOH Population Health Subcommittee***
