FRANCHISE TAX AMENDMENT

By John L. Valentine

AN ACT RELATING TO REVENUE AND TAXATION; DELETING THE CORPORATE FRANCHISE TAX FROM PROVISIONS PROVIDING FOR THE ATTACHMENT OF LIENS AND PENALTIES FOR NONPAYMENT OF TAXES; AND MAKING TECHNICAL CORRECTIONS.

THIS ACT AFFECTS SECTIONS OF UTAH CODE ANNOTATED 1953 AS FOLLOWS:

AMENDS:
59-1-302, AS LAST AMENDED BY CHAPTER 249, LAWS OF UTAH 1992

Be it enacted by the Legislature of the state of Utah:

Section 1. Section Amended.

Section 59-1-302, Utah Code Annotated 1953, as last amended by Chapter 249, Laws of Utah 1992, is amended to read:

(a) The provision of this section apply to the following taxes in this title:

(1) Sales and local sales and use tax under Chapter 12, Parts 1 and 2;
(2) Transient room tax under Chapter 12, Part 3;
(3) Resort communities tax under Chapter 12, Part 4;
(4) Public transit tax under Chapter 12, Part 5;
(5) Tourism, recreation, cultural, and convention facilities tax under Chapter 12, Part 6;
(6) Motor fuel, clean fuel, special fuel, and aviation fuel taxes under Chapter 13, Parts 2, 3, and 4; and
(7) Withholding tax under Chapter 10, Part 4;

(b) Corporate franchise tax under Chapter 7, Part 1.

2. If any person liable to pay a tax listed in Subsection (1) neglects or refuses to pay that tax after demand, the amount, including any interest, additional amount, additional tax, or assessable penalty, together with any costs that may accrue, is a lien on favor of the state upon all property and rights to property, whether real or personal, belonging to that person.

3. Unless another date is specifically fixed by law, the lien imposed by this section for unpaid taxes arises at the time the assessment is made and continues until the liability for the assessed amount, or a judgment against the taxpayer arising from that liability, is satisfied or becomes unenforceable because of lapse of time.

(4) Any person required to collect, truthfully account for, and pay over any tax listed in Subsection (1) who willfully fails to collect the tax, fails to truthfully account for and pay over the tax, or attempts in any manner to evade or defeat any tax or the payment of the tax, shall, in addition to other penalties provided by law, be liable for a penalty equal to the total amount of the tax evaded, not collected, not accounted for, or not paid over. This penalty is in addition to other penalties provided by law.

5. The penalty provided in Subsection (4) is assessed as follows:

(a) If the commission determines in accordance with Subsection (4) that a person is liable for the penalty, the commission shall immediately assess the penalty and give notice and demand for payment.

(b) The notice of assessment of the penalty shall:

(i) Set forth the basis of the assessment; and

(ii) Be mailed by registered mail, postage prepaid, to the person's last-known address.

(6) Upon receipt of the notice of assessment, the person assessed may either:

(a) Pay the amount of the penalty at the place and time stated in the notice; or

(b) Proceed in accordance with the review procedures of Subsections (7) and (8).

(7) Any person against whom a penalty has been assessed in accordance with Subsection (4) and (5) may contest the assessment by filing a petition for an adjudicative proceeding with the commission.

(8) If the commission determines that the collection of the penalty is in jeopardy, nothing in this section may prevent the immediate collection of the penalty in accordance with the procedures and requirements for emergency proceedings in Title 63, Chapter 46b, Administrative Procedures Act.

(9) (a) In any hearing before the commission and in any judicial review of the hearing, the commission and the court shall consider any inference and evidence that a person has willfully failed to collect, truthfully account for, or pay over any tax listed in Subsection (1).

(b) It is prima facie evidence that a person has willfully failed to collect, truthfully account for, or pay over any of the taxes listed in Subsection (1) if the commission or a court finds that the person charged with the responsibility of collecting, accounting for, or paying over the taxes:

(i) Made a voluntary, conscious, and intentional decision to prefer other creditors over the state government or utilize the tax money for personal purposes;
(ii) recklessly disregarded obvious or known risks, which resulted in the failure to collect, account for, or pay over the tax; or

(iii) failed to investigate or to correct mismanagement, having notice that the tax was not or is not being collected, accounted for, or paid over as provided by law.

(c) The commission or court need not find a bad motive or specific intent to defraud the government or deprive it of revenue to establish willfulness under this section.
AN ACT RELATING TO THE JUDICIAL CODE; PROVIDING FOR REQUIREMENT OF FILING OF CUSTODY DECREES ISSUED IN ANOTHER STATE; PROVIDING FOR NOTICE TO BOTH PARTIES OF FOREIGN DECREES; AND PROVIDING FOR HEARING TO CHALLENGE THE FOREIGN DECREES UPON REQUEST.

THIS ACT AFFECTS SECTIONS OF UTAH CODE ANNOTATED 1953 AS FOLLOWS:

AMENDS: 78-45c-15, AS ENACTED BY CHAPTER 41, LAWS OF UTAH 1980

Be it enacted by the Legislature of the state of Utah:

Section 1. Section Amended.

Section 78-45c-15, Utah Code Annotated 1953, as enacted by Chapter 41, Laws of Utah 1980, is amended to read:

(1) A certified copy of a custody decree of another state may be filed in the office of the clerk of any district court of this state. The parties to the action shall be notified of the filing and shall be given an opportunity to be heard on the jurisdiction of the other state’s custody decree before enforcement of that decree. If the copy has not been filed, it shall not be considered a valid custody decree. The clerk shall treat the decree in the same manner as a custody decree of the district court of this state. A custody decree so filed has the same effect and shall be enforced in like manner as a custody decree rendered by a court of this state as provided in Section 78-45c-12.

(2) A person violating a custody decree of another state which makes it necessary to enforce the decree in this state may be required to pay necessary travel and other expenses, including attorney’s fees, incurred by the party entitled to the custody or his witnesses.

| 59-2-902 | **Minimum basic tax levy for school districts.**

(1) If any county fails to comply with Section 59-2-704, then this section determines the adjustment of the basic school levy for school districts within the county. Before June 15, the commission shall ascertain from the State Board of Education the number of weighted pupil units in each school district in the state for the school year commencing July 1 of the current calendar year, estimated according to the Minimum School [Finance] Program Act, and the money necessary for the cost of the operation and maintenance of the minimum school program of the state for the school fiscal year beginning July 1 of the current calendar year. The commission shall then estimate the amounts of all surpluses in the Uniform School Fund, as of July 1 of the current calendar year, available for the operation and maintenance of the program, and shall estimate the anticipated income to the fund available for those purposes for the current school year from all sources, including revenues from taxes on income or from taxes on intangible property pursuant to Article XIII, Sec. 12, Utah Constitution.

(2) The commission shall then determine for each school district the amount to be raised by the minimum basic tax levy as its contribution toward the cost of the basic state-supported program, as required by the Minimum School [Finance] Program Act.

(3) Each county auditor shall be notified by the commission that the minimum basic tax levy shall be imposed by the school district, to which shall be added an additional amount, if any, due to local undervaluation. The auditor shall inform the county governing body as to the amount of the levy. The county governing body shall at the time and in the manner provided by law make the levy upon the taxable property in the school district together with further levies for school purposes as may be required by each school district to pay the costs of programs in excess of the basic state-supported school program.

(4) If the levy applied under this section raises an amount in excess of the total basic state-supported school program for a school district, the excess amount shall be remitted by the school district to the State Board of Education to be credited to the Uniform School Fund for allocation to school districts to support the basic state-supported school program. The availability of money shall be considered by the commission in fixing the state property levy as provided in the Minimum School [Finance] Program Act.

(5) If the levy does not raise an amount in excess of the total basic state-supported school program for a district, then the difference between the amount which the local levy will raise within the district, and the total cost of the basic state-supported school program within the district shall be computed. This difference, if any, shall be apportioned from the Uniform School Fund to each school district as the contribution of the state to the basic state-supported school program for the district, subject to the following conditions:

(a) Before the apportionment is made, the commission shall determine if the local taxable valuation of any school district is undervalued according to law and if so, the dollar amount of the undervaluation. The dollar amount of the undervaluation shall be multiplied by the district basic uniform school levy at 98%. The resulting dollar amount shall be divided by the current year estimated yield of .0002 per dollar of taxable value at 98% based on the district's taxable valuation prior to adjusting for undervaluation.

(b) The resulting levy amount shall be added to the required district basic uniform levy to determine the combined district basic school levy adjusted for undervaluation. The combined rate of levy shall be certified to the county auditor and employed by the auditor and the county governing body in lieu of the required basic school local levy.

(1) Any business entity subject to the provisions of Title 59[;] that purchases and completes or participates in the financing of a residential energy system to supply all or part of the energy required for a residential unit owned or used by the business entity and situated in Utah is entitled to tax credits as provided in this section.

(2) (a) Except as provided in this subsection, the business entity is entitled to a tax credit equal to 25% of the costs of the residential energy system installed with respect to each residential unit it owns, including installation costs, against any income tax or franchise tax liability of the business entity under Title 59 for the taxable year in which the energy system is completed and placed in service. The total amount of the credit may not exceed $1,500. This credit is allowed for any residential energy system completed and placed in service after January 1, 1986, but prior to December 31, 1985. For any residential energy system completed and placed in service prior to the 1986 taxable year, the claim regarding it shall be filed not later than when returns are due for the 1986 taxable year. The credit for residential energy systems completed and installed prior to July 1, 1985, is equal to 10% of the cost of the system, including installation costs. The total amount of the credit for residential energy systems completed and installed prior to July 1, 1985, may not exceed $1,000 per residential unit.

(b) If the business entity sells a residential unit to an individual taxpayer prior to making a claim for
the tax credit provided for in Subsection (2)(a), the business entity may assign its right to this tax credit to the individual taxpayer. The individual taxpayer is then entitled to the amount of this tax credit as if the individual taxpayer had completed or participated in the costs of the residential energy systems under Section 59-10-602.

(3) (a) Any business entity subject to the provisions of Title 59,[1] that purchases or participates in the financing of a commercial energy system is entitled to the tax credits provided in this chapter if it:

(i) supplies all or part of the energy required to commercial units owned or used by the business entity; or

(ii) sells all or part of the energy produced by the commercial energy system as a commercial enterprise.

(b) The business entity is entitled to a tax credit equal to 10% of the costs of any commercial energy system installed, including installation costs, against any income tax or franchise tax liability of the business entity under Title 59 for the taxable year in which the commercial energy system is completed and placed in service. The total amount of the credits may not exceed $25,000 per commercial unit. This credit is allowed for any commercial energy system completed and placed in service after January 1, 1986, but prior to December 31, 1995. For any commercial energy system completed and placed in service prior to the 1986 taxable year, the claim regarding it shall be filed no later than when returns are due for the 1985 taxable year. The credit for any commercial energy system completed and placed in service prior to July 1, 1985, is equal to 10% of the costs of the commercial energy system installed on each of the business entity's commercial units only, including installation costs. The total amount of the credit for any commercial energy system completed and placed in service prior to July 1, 1985, may not exceed $3,000 per commercial unit.

(4) (a) Business entities who lease a commercial energy system installed on a commercial unit are eligible for the commercial energy tax credits described in this part if the lessee can confirm that the lessee irrevocably elects not to claim the state tax credits.

(b) Only the principal recovery portion of the lease payments, which is the cost incurred by the taxpayer in acquiring the commercial energy system excluding interest charges and maintenance expenses, is eligible for the tax credits.

(c) Business entities who lease commercial energy systems are eligible to use the tax credits for a period no greater than seven years from the initiation of the lease.

15 The tax credits provided for in this section can be claimed by either the business entity, or if assigned as provided in Subsection (2)(b), the individual taxpayer, in the return for the taxable year in which the energy system is completed and placed in service except as provided in Subsection (2). Additional energy systems or parts of energy systems may be claimed in returns for subsequent years as long as the total amount claimed does not exceed the maximum credit allowed for in Subsection (2). If the amount of the tax credit exceeds the income tax liability of the business entity for that taxable year, or individual taxpayer if assigned as provided in Subsection (2)(b), then the amount not used as a credit may be carried over for a period which does not exceed the next four taxable years.

(5) In any adoption proceeding pertaining to a child born out of marriage, if there is no showing that a putative father has consented to or waived his rights regarding the proposed adoption, it shall be necessary to file with the court, prior to its entering a final decree of adoption, a certificate from the Department of Health, signed by the state registrar of vital statistics, stating that a diligent search has been made of the registry of notices from putative fathers of children born outside of marriage and that no filing has been found pertaining to the father of the child in question.

(3) Each private club shall maintain a current and complete membership record showing the date of application of each proposed member, the member’s address, the date of admission following application, and the date initiation fees and dues were assessed and paid. The record shall also show the serial number of the membership card issued to each member. A current record shall also be kept indicating when members were dropped or resigned.

(4) Each private club shall establish in the club bylaws initial fees and monthly dues, as established by commission rules, which are collected from all members.

that restitution is appropriate or inappropriate, the court shall make the reasons for the decision a part of the court record.

When a defendant has been extradited to this state under Title 77, Chapter 30, or has been transported from governmental expense from one county to another within the state for the purpose of resolving Extradition, to resolve pending criminal charges and is adjudged convicted of criminal activity in the county to which he has been returned, the court may, in addition to any other sentence it may impose, order that the defendant make restitution for costs expended by any governmental entity for the extradition or transportation.

In determining whether restitution is appropriate, the court shall consider the criteria in Subsection (1)(b)(i). If the court determines that restitution is appropriate or inappropriate, the court shall make the reasons for the decision a part of the court record. The court shall send a copy of its order of restitution to the Division of Finance.

(1)(b)(c) In determining whether or not to order restitution, or restitution which is complete, partial, or nominal under this subsection, the court shall take into account:

(i) the financial resources of the defendant and the burden that payment of restitution will impose, with regard to the other obligations of the defendant;

(ii) the ability of the defendant to pay restitution on an installment basis or on other conditions to be fixed by the court;

(iii) the rehabilitative effect on the defendant of the payment of restitution and the method of payment;

(iv) other circumstances which the court determines make restitution inappropriate.

When the court determines that restitution is appropriate or inappropriate under this subsection, the court shall make the reasons for the decision a part of the court record.

The court shall send a copy of its order of restitution to the Division of Finance.

If the defendant objects to the imposition, amount, or distribution of the restitution, the court shall at the time of sentencing allow him a full hearing on the issue.

As used in Subsection (1)(b)(c):

(a) "Criminal activity" means any offense of which the defendant is convicted or any other criminal conduct for which the defendant admits responsibility to the sentencing court with or without an admission of committing the criminal conduct.

(b) "Pecuniary damages" means all special damages, but not general damages, which a person could recover against the defendant in a civil action arising out of the facts or events constituting the defendant's criminal activities and includes, but is not limited to, the money equivalent of property taken, destroyed, broken, or otherwise harmed, and losses such as earnings and medical expenses.

(1)(c) "Restitution" means full, partial, or nominal payment for pecuniary damages to a victim, including insured damages.

(1)(d) "Victim" means any person whom the court determines has suffered pecuniary damages as a result of the defendant's criminal activities.

(1)(e) "Victim" does not include any co-participant in the defendant's criminal activities.

(5) In addition to any other sentence the court may impose, the court shall order the defendant to pay restitution of governmental transportation expenses if the defendant:

(i) transported pursuant to court order from one county to another within the state at governmental expense to resolve pending criminal charges;

(ii) charged with a felony or a class A, B, or C misdemeanor; and

(iii) convicted of a crime.

The court may not order the defendant to pay restitution of governmental transportation expenses if any of the following apply:

(i) the defendant is charged with an infraction or on a subsequent failure to appear warrant issued for an infraction;

(ii) the defendant was not transported pursuant to a court order.

Restitution of governmental transportation expenses under Subsection (1)(a) shall be calculated according to the following schedule:

(A) $75 for up to 100 miles a defendant is transported;

(B) $125 for 100 up to 200 miles a defendant is transported;

(C) $250 for 200 miles or more a defendant is transported.

The schedule of restitution under Subsection (1)(a) applies to each defendant transported regardless of the number of defendants actually transported in a single trip.

If a statute under which the defendant was convicted mandates that one of three stated minimum terms shall be imposed, the court shall order imposition of the term of middle severity unless there are circumstances in aggravation or mitigation of the crime.

Prior to or at the time of sentencing, either party may submit a statement identifying circumstances in aggravation or mitigation or presenting additional facts. If the statement is in writing, it shall be filed with the court and served on the opposing party at least four days prior to the time set for sentencing.

In determining whether there are circumstances that justify imposition of the highest or lowest term, the court may consider the record in the
case, the probation officer's report, other reports, in-
cluding reports received under Section 76-3-404, state-
ments in aggravation or mitigation submitted by the prose-
cution or the defendant, and any fur-
ther evidence introduced at the sentencing hearing.

d) The court shall set forth on the record the facts
supporting and reasons for imposing the upper or
lower term.

(e) The court in determining a just sentence shall
consider sentencing guidelines regarding aggravation
and mitigation promulgated by the Commiss-
on Criminal and Juvenile Justice.

(6) has been sentenced and committed to the
Utah State Prison, the court may, within 120 days of
the date of commitment on its own motion, or at any
time upon the recommendation of the Board of Par-
dons, recall the sentence and commitment previous-
ly ordered and resentence the defendant in the same
manner as if he had not previously been sentenced,
so long as the new sentence is no greater than the
initial sentence nor less than the mandatory time
prescribed by statute.

(ii) The resentencing provided for in this section
shall take into consideration the sentencing guide-
lines established under this section by the Commiss-
on Criminal and Juvenile Justice to eliminate
disparity of sentences and to promote uniformity of
sentencing.

(iii) Credit shall be given for time served.

(b) The court shall state the reasons for its sen-
tence choice on the record at the time of sentencing.

(ii) The court shall also inform the defendant as
part of the sentence that if the defendant is released
from prison he may be on parole for a period of ten
years.

(c) If during the commission of a crime described
as child kidnapping, rape of a child, object rape of a
child, sodomy upon a child, or sexual abuse of a
child, the defendant causes substantial bodily inju-
y to the child, and if the charge is set forth in the
information or indictment and admitted by the de-
fendant, or found true by a judge or jury at trial, the
defendant shall be sentenced to the aggravated
mandatory term in state prison. This subsection
takes precedence over any conflicting provision of
law.

49-3-103, AS LAST AMENDED BY CHAPTER 157, LAWS OF UTAH 1992

Be it enacted by the Legislature of the state of Utah:

Section 1. Section Amended.

Section 49-2-103, Utah Code Annotated 1953, as last amended by Chapter 157, Laws of Utah 1992, is amended to read:

49-2-103. Definitions.

As used in this chapter:

(1) (a) "Compensation," "salary," or "wages" means the total amount of fixed payments regularly made by an employer to an employee for services rendered to the employer, including performance-based bonuses, which by its nature is currently includable in gross income and which is subject to Social Security deductions, including any payments in excess of the maximum amount subject to deduction under Social Security law. It includes amounts which the employee authorizes to be deducted or reduced for salary deferral or other benefit programs authorized by federal law. "Compensation" for purposes of this chapter may not exceed the amount allowed under Internal Revenue Code Section 401(a)(17).

(b) "Compensation," "salary," or "wages" does not include:

(i) the monetary value of remuneration paid in kind, such as residence or use of equipment;

(ii) all contributions made by an employer under any plan for the benefit of a participant;

(iii) salary paid to an employee working under the minimum number of hours required for membership;

(iv) salary paid to a temporary or exempt employee;

(v) payments upon termination, accumulated lump-sum vacation, sick leave payments, or any other special payments except performance-based bonuses and cost-of-living adjustments which are set by a policy of the employing unit to cover all employees or a distinct class of employees; or

(vi) uniform, travel, or similar allowances.

(2) "Educational institution" means a political subdivision or instrumentality of the state or a combination thereof primarily engaged in educational activities or the administration or servicing of educational activities, including but not limited to the State Board of Education and its instrumentalties, any institution of higher learning and its branches, any school district and its instrumentalties, vocational and technical schools, and any entity arising out of a consolidation agreement between entities under this definition.

(3) (a) "Employee" or "regular employee" means any regular full-time employee whose term of employment for an employer contemplates continued employment during a calendar or school year and who performs covered service for one or more employers.

(b) "Appointive officer" means a person appointed to a position for a definite and fixed term of office by official and duly recorded action of the governing body of an employing unit who earns $500 or more per month over a 12-month period adjusted annually by the Bureau of Labor Statistics Consumer Price Index.

(c) "Normal retirement age" means the age of 65.

(4) "Employer" or "employing unit" means any department, educational institution, political subdivision, or organization or agency financed in whole or in part by public funds for which any employee or member performs services subject to this chapter.

(5) "Final average salary" means the amount computed by averaging the highest five years of annual compensation preceding retirement. However, the percentage increase in any one of the years used may not exceed the previous year's salary by more than the blanket salary increase given by the employer plus 10%, except in cases where the employing unit provides acceptable documentation to the board that this limitation has been exceeded because: (a) the member has transferred from another employing unit; (b) the member has been promoted to a new position; or (c) the years used are not consecutive. For purposes of computing the member's final average salary only, the member is considered to have been in service at the member's last salary rate from the date of the termination of employment to the date retirement becomes effective. If participating service is less than five years, final average salary means the average annual compensation paid to the member during the full period of participating service.

(6) "Normal retirement age" means the age of 65 years.
(7) "Organization or agency financed in whole or in part by public funds" means an agency, association, or organization which receives public funds. The term does not include political subdivisions, departments, or educational institutions. Public funds are those funds derived, either directly or indirectly, from public taxes or public revenue, dues or contributions paid or donated by the membership of the organization, used to finance an activity whose objective is to improve, on a nonprofit basis, the governmental, educational, and social programs and systems of the state or its political subdivisions.

(8) "Regular full-time employee," in qualifying for membership in the system, means an employee whose employment normally requires an average of 20 hours or more per week, except as modified by the board, and who receives benefits normally provided by the employing unit. It includes a teacher who teaches half-time or more, or a classified school employee who works an average of 20 hours per week or more, regardless of benefits provided.

(9) "Years of service" or "service years" means: (a) the number of periods, each to consist of 12 full months; or (b) a period determined by the board, whether consecutive or not, during which an employee performed services for an employer or employers, including any time the employee rendered service in the armed forces of the United States before membership in the system or was absent on a paid leave of absence granted by an employer or absent in the service of the United States government on military duty as provided by this chapter. For a teacher, school administrator, or other contract employee of an educational institution, not less than [nine] eight months of full-time service constitutes a service year.

Section 50. Section Amended.

Section 32A-1-119, Utah Code Annotated 1963, as last amended by Chapter 132, Laws of Utah 1991, is amended to read:

(a) The commission, director, and department may conduct adjudicative proceedings to inquire into any matter necessary and proper for the administration of this title and rules adopted under this title.
(b) The commission, director, and department shall comply with the procedures and requirements of Title 63, Chapter 46b, Administrative Procedures Act, in their adjudicative proceedings.

(c) Except where otherwise provided by law, all disciplinary proceedings shall be conducted in accordance with Title 52, Chapter 4, [the] Open and Public Meetings Act.

(d) All adjudicative proceedings concerning departmental personnel shall be conducted in accordance with Title 67, Chapter 19, Utah State Personnel Management Act. All hearings that are informational, fact gathering, and nonadversarial in nature shall be conducted in accordance with rules, policies, and procedures promulgated by the commission, director, or department.

(2) (a) Disciplinary proceedings shall be conducted under the authority of the commission, which is responsible for rendering a final decision and order on any disciplinary matter.

(b) (i) Nothing in this section precludes the commission from appointing necessary officers, including hearing examiners, from within or without the department, to administer the disciplinary hearing process.

(ii) Officers and examiners appointed by the commission may conduct hearings on behalf of the commission and submit findings of fact, conclusions of law, and recommendations to the commission.

(3) When the department has on file a report from any government agency, peace officer, examiner, or investigator alleging that a permittee or licensee or any of its officers or employees has violated this title or the rules of the commission, the department may initiate disciplinary proceedings to determine:

(a) whether or not the permittee or licensee is guilty of the violation; and

(b) if found guilty, the penalty to be imposed.

(4) (a) An adjudicative proceeding shall be held if required by law, and in all cases before revoking or suspending any license or permit issued under this title, unless waived by the respondent.

(b) Inexcusable failure of a respondent to appear at a scheduled evidentiary hearing after receiving proper notice is an admission of the charged violation.

(c) The validity of any hearing is not affected by the failure of any person to attend or remain in attendance.

(d) All evidentiary hearings shall be presided over by the commission or an appointed hearing examiner.

(e) A hearing may be closed only after the commission or hearing examiner makes a written finding that the public interest in an open hearing is clearly outweighed by factors enumerated in the closure order.

(f) The commission or its hearing examiner may administer oaths or affirmations, take evidence, take depositions within or without this state, require by subpoena from any place within this state the testimony of any person at a hearing, and the production of any books, records, papers, contracts, agreements, documents, or other evidence considered relevant to the inquiry.

(i) Persons subpoenaed shall testify and produce any books, papers, documents, or tangible things as required in the subpoena.

(ii) Any witness subpoenaed or called to testify or produce evidence who claims a privilege against self-incrimination may not be compelled to testify, but the commission or the hearing examiner shall file a written report with the county attorney or district attorney in the jurisdiction where the privilege was claimed or where the witness resides setting forth the circumstance of the claimed privilege.

(iii) A person is not excused from obeying a subpoena without just cause. Any district court within the judicial district in which a person alleged to be guilty of willful contempt of court or refusal to obey a subpoena is found or resides, upon application by the party issuing the subpoena, may issue an order requiring the person to appear before the issuing party, and to produce documentary evidence if so ordered, or to give evidence regarding the matter in question. Failure to obey an order of the court may be punished by the court as contempt.

(g) In all cases heard by a hearing examiner, the hearing examiner shall prepare a report to the commission. The report may not recommend a penalty more severe than that initially sought.

(h) In all cases heard by the commission, it shall issue its final decision and order.

(5) (a) The commission shall render a decision and issue a written order on any disciplinary action, and serve a copy on all parties.

(b) Any order of the commission is considered final on the date it becomes effective.

(c) If the commission is satisfied that a permittee or licensee has committed a violation of this title, or the commission's rules, it may take emergency action suspending or revoking the permit or the license according to the procedures and requirements of Title 63, Chapter 46b, Administrative Procedures Act, and assess the costs of any hearing to the permittee or the licensee.

(d) If the permit or license is revoked, the commission may order the revocation of any compliance bond posted by the permittee or licensee.

(e) Any permittee or licensee whose permit or license is revoked may not reapply for a permit or license under this title for three years from the date the permit or license was revoked.

(2) Any of the property subject to forfeiture under this title may be seized by any peace officer of this state or any person authorized by law upon process issued by any court having jurisdiction over the property in accordance with the procedures provided in Title 77, Chapter 23, [Utah Code of Criminal Procedure] Search and Administrative Warrants. However, seizure without process may be made when:

(a) the seizure is incident to an arrest or search under a search warrant or an inspection under an administrative inspection warrant;

(b) the property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding under this title;

(c) the peace officer or other person authorized by law has probable cause to believe that the property is being or has been used, intended to be used, held, or kept in violation of this title or commission rules.

(3) If the property is seized pursuant to a search or administrative warrant, the peace officer or other person authorized by law shall make a proper receipt, return, and inventory and ensure the safekeeping of the property as required by Sections 77-23-6 through 77-23-8, Utah Code of Criminal Procedure. If the magistrate who issued the warrant is a circuit court judge or justice court judge, upon the filing of the return the jurisdiction of the circuit or justice court shall cease and the magistrate shall certify the record and all files without delay to the district court of the county in which the property was located. From the time of this filing, the district court has jurisdiction of the case.

(4) In the event of seizure of property without process, the peace officer or other person authorized by law shall make a return of his acts without delay directly to the district court of the county in which the property was located, and the district court shall have jurisdiction of the case. The return shall describe all property seized, the place where it was seized, and any persons in apparent possession of the property. The officer or other person shall also promptly deliver a written inventory of anything seized to any person in apparent authority at the premises where the seizure was made, or post it in a conspicuous place at the premises. The inventory shall state the place where the property is being held.

(5) Any peace officer or other person authorized by law who seizes any property subject to seizure under this title shall notify the agency responsible for prosecuting the action without delay and shall file a report with the department detailing information...
on the property seized, the location of the seizure, and any persons arrested.

(6) Property taken or detained under this section is not repleviable but is considered in custody of the law enforcement agency making the seizure subject only to the orders of the court or the official having jurisdiction. When property is seized under this title, the appropriate person or agency may:

(a) place the property under seal;

(b) remove the property to a place designated by it or the warrant under which it was seized; or

(c) take custody of the property and remove it to an appropriate location for disposition in accordance with law.

(7) When any property is subject to forfeiture, a determination for forfeiture to the state shall be made in the following manner:

(a) A complaint verified on oath or affirmation shall be prepared by the county attorney or, if within a prosecution district, the district attorney where the property was seized or is to be seized and shall be filed in the district court. The complaint shall describe with reasonable particularity:

(i) the property that is the subject of the proceeding;

(ii) the date and place of seizure, if known; and

(iii) the allegations that constitute a basis for forfeiture.

(b) Upon filing the complaint, the clerk of the district court shall issue a warrant for seizure of the property that is the subject matter of the action without delay and deliver it to the sheriff for service, unless the property has previously been seized.

(c) Notice of the seizure and intended forfeiture shall be filed with the county clerk, and served together with a copy of the complaint, at the place where the property was or is about to be seized by conspicuous posting at the premises, and served upon all persons known to the county attorney or, if within a prosecution district, the district attorney to have a claim in the property by one of the following methods:

(i) upon each claimant whose name and address is known at the last-known address of the claimant; or

(ii) upon each owner whose right, title, or interest is of record in the Division of Motor Vehicles, by mailing a copy of the notice and complaint by registered mail to the address given upon the records of the Division of Motor Vehicles; and

(iii) upon all other claimants whose addresses are unknown, but who are believed to have an interest in the property, by one publication in a newspaper of general circulation in the county where the seizure was made.

(d) Except as provided in Subsection (6), any claimant or interested party shall file with the court a verified answer to the complaint within 20 days after service has been obtained.

(e) When property is seized under this title, any interested person or claimant of the property, before being served with a complaint under this section, may file a petition in the district court for release of the person’s interest in the property. The petition shall specify the claimant’s interest in the property and the claimant’s right to have it released. A copy shall be served upon the county attorney or, if within a prosecution district, a district attorney in the county of the seizure, who shall answer the petition within 20 days. Any person petitioning is not required to answer a complaint of forfeiture. If no complaint or petition is filed within 60 days after seizure of the property or after the final disposition of any criminal proceedings involving the property, whichever occurs last, the property shall automatically escheat to the state and shall be delivered to the custody of the appropriate agency for disposition as provided in Subsection (8).

(f) After 20 days following service of a complaint or petition for release, the court shall examine the record, and if no answer is on file, the court shall allow the claimant or petitioner an opportunity to present evidence in support of the claim and order forfeiture or release of the property as the court may determine. If the county attorney or district attorney has not filed an answer to a petition for release and the court determines from the evidence that the petitioner is not entitled to recovery of the property, it shall enter an order directing the county attorney or district attorney to answer the petition within ten days. If no answer is filed within that period, the court shall order the release of the property to the petitioner entitled to receive it.

(g) When an answer to a complaint or petition appears of record at the end of 20 days, the court shall set the matter for hearing within 20 days. At the hearing all interested parties may present evidence of their right of release of the property following the state’s evidence for forfeiture. The court shall determine by a preponderance of the evidence the issues in the case and order forfeiture or release of the property as it determines proper.

(h) Proceedings under this section are independent of any other proceedings, whether civil or criminal, under this title or the laws of this state.

(i) When the court determines that claimants have no right in the property, in whole or in part, it shall declare the property forfeited and direct it delivered to the custody of the department if the property is an alcoholic product or a container used as a container for an alcoholic product, or the Department of Administrative Services in all other cases. The appropriate department shall dispose of the property as provided in Subsection (8).

(j) When the court determines that property, in whole or in part, is subject to forfeiture, it shall order release of the property to the proper claimant. If the court determines that the property is subject to forfeiture and release in part, it shall order partial release and partial forfeiture. When the property cannot be properly divided for partial forfeiture and

(ii) The executive director of the Department of Administrative Services shall review all applications for property submitted, make a determination based on necessity and advisability as to final disposition, and notify the designated applicant who may obtain the property upon payment of all costs to that department. That department shall reimburse the appropriate agency or agencies for costs expended in seizing, storing, and obtaining forfeiture of the property.

(iii) If no disposition is made upon an application, the executive director of the Department of Administrative Services shall dispose of the property by public bidding, or if considered appropriate by the executive director, by destruction. Proof of destruction shall be upon oath of two officers or employees of the Department of Administrative Services verified by the executive director of that department or the executive director’s designee.

(c) Notice of the seizure and intended forfeiture shall be filed with the county clerk, and served together with a copy of the complaint, upon all persons known to the county attorney or district attorney to have a claim in the property by one of the following methods:

(i) upon each claimant whose name and address is known, at the last-known address of the claimant, or upon each owner whose right, title, or interest is of record in the Division of Motor Vehicles, by mailing a copy of the notice and complaint by certified mail to the address given upon the records of the division, which service is considered complete even though the mail is refused or cannot be forwarded; and

(ii) upon all other claimants whose addresses are unknown, but who are believed to have an interest in the property, by one publication in a newspaper of general circulation in the county where the seizure was made.

(d) Except under Subsection (8)(c), any claimant or interested party shall file with the court a verified answer to the complaint within 20 days after service has been obtained.

The petition shall specify the claimant's interest in the property and his right to have it released. A copy shall be served upon the county attorney or, if within a prosecution district, the district attorney in the county of the seizure, who shall answer the petition within 20 days. A petitioner need not answer a complaint of forfeiture.

(f) After 20 days following service of a complaint or petition for release, the court shall examine the record and if no answer is on file, the court shall allow the complainant or petitioner an opportunity to present evidence in support of his claim and order forfeiture or release of the property as the court determines. If no answer is filed within that period, the court shall order the release of the property to the petitioner entitled to receive it.

(g) When an answer to a complaint or petition appears of record at the end of 20 days, the court shall set the matter for hearing within 20 days. The court shall determine by a preponderance of the evidence the issues in the case and order forfeiture or release of the property as it determines.

(h) Proceedings of this section are independent of any other proceedings, whether civil or criminal, under this chapter or the laws of this state.

(i) When the court determines that claimants have no right in the property in whole or in part, it shall declare the property to be forfeited and direct it to be delivered to the custody of the Division of Finance. The division shall dispose of the property under Subsection (8).

(j) When the court determines that property, in whole or in part, is not subject to forfeiture, it shall order release of the property to the proper claimant. If the court determines that the property is subject
to forfeiture and release in part, it shall order partial release and partial forfeiture. When the property cannot be divided for partial forfeiture and release, the court shall order it sold and the proceeds distributed:

(ii) second, to defray the costs of the action, including seizure, storage of the property, legal costs of filing and pursuing the forfeiture, and costs of sale; and

(iii) third, to the Division of Finance for the General Fund.

(k) In a proceeding under this section where forfeiture is declared, in whole or in part, the court shall assess all costs of the forfeiture proceeding, including seizure and storage of the property, against the individual or individuals whose conduct was the basis of the forfeiture, and may assess costs against any other claimant or claimants to the property as appropriate.

(1) A person who violates any provision of Section 76-10-1603 is guilty of a second degree felony. In addition to penalties prescribed by law, the court may order the person found guilty of the felony to pay the state, if the attorney general brought the action, or to the county, if the county attorney or district attorney brought the action, the costs of investigating and prosecuting the offense and the costs of securing the forfeitures provided for in this section. The person shall forfeit to the state or the county:

(a) any interest acquired or maintained in violation of any provision of Section 76-10-1603;

(b) any interest in, security of, claim against, or property or contractual right of any kind affording a source of influence over any enterprise which the person has established, operated, controlled, conducted, or participated in the conduct of in violation of Section 76-10-1603; and

(2) If a violation of Section 76-10-1603 is based on a pattern of unlawful activity consisting of acts or conduct in violation of Section 76-10-1204, 76-10-1205, 76-10-1206, or 76-10-1222, the property subject to forfeiture under this section is limited to property, the seizure or forfeiture of which would not constitute a prior restraint on the exercise of an affected party's rights under the First Amendment to the Constitution of the United States or Article I, Sec. 15 of the Utah Constitution, or would not otherwise unlawfully interfere with the exercise of those rights.

(3) In lieu of a fine otherwise authorized by law for a violation of Section 76-10-1603, a defendant who derives profits or other proceeds from a conduct prohibited by Section 76-10-1603, may be fined not more than twice the amount of the gross profits or other proceeds.

(4) Except under Subsection (2), property subject to criminal forfeiture under this section includes:

(a) real property, including things growing on, affixed to, and found in land; and

(b) tangible and intangible personal property including money, rights, privileges, interests, claims, and securities of any kind;

(c) but does not include property legitimately exchanged for services rendered in connection with a defendant's exercise of his rights under the Sixth Amendment to the Constitution of the United States and the right to appear and be defended by counsel in criminal prosecutions guaranteed by Article I, Sec. 12 of the Utah Constitution.

(5) Upon conviction for violating any provision of Section 76-10-1603, and in addition to any penalty prescribed by law and in addition to any forfeitures provided for in this section, the court may do any or all of the following:

(a) order the person to divest himself of any interest in or control, direct or indirect, of any enterprise;

(b) impose reasonable restrictions on the future activities or investments of any person, including prohibiting the person from engaging in the same type of endeavor as the enterprise engaged in, to the extent the Utah Constitution and the Constitution of the United States permit; or

(c) order the dissolution or reorganization of any enterprise.

(6) If a violation of Section 76-10-1603 is based on a pattern of unlawful activity consisting of acts or conduct in violation of Section 76-10-1204, 76-10-1205, 76-10-1206, or 76-10-1222, the court may not enter any order that would amount to a prior restraint on the exercise of an affected party's
rights under the First Amendment to the Constitution of the United States or Article I, Sec. 16 of the Utah Constitution.

(7) (a) All rights, title, and interest in forfeitable property described in Subsections (1) and (2) vest in the state if the action was brought by the attorney general in the county, if the action was brought by a county attorney or district attorney, upon the commission of the act or conduct giving rise to the forfeiture under this section.

(b) Any forfeitable property that is subsequently transferred to a person other than the defendant may be the subject of a special proceeding and an order that the property be forfeited to the state or the county, unless the transferee establishes in a hearing held under Subsection (16) that he is a bona fide purchaser for value of the property who at the time of purchase reasonably believed that the property was not subject to forfeiture under this section.

(8) (a) Upon application of the attorney general [or], the county attorney, or district attorney, the court may enter restraining orders or injunctions, require the execution of satisfactory performance bonds, or take any other action to preserve for forfeiture under this section any forfeitable property described in Subsections (1) and (2):

(i) upon filing of an indictment or an information charging a violation of Section 76-10-1603 and alleging that the property with respect to which the order is sought would, in the event of conviction, be subject to forfeiture under this section; or

(ii) prior to the filing of the indictment or information, if, after notice to persons appearing to have an interest in the property and after affording them an opportunity for a hearing, the court determines that:

(A) there is a substantial probability that the state will prevail on the issue of forfeiture and that failure to enter the order will result in the property being sold, distributed, exhibited, destroyed, or removed from the jurisdiction of the court, or otherwise made unavailable for forfeiture; and

(B) the need to preserve the availability of the property or prevent its sale, distribution, exhibition, destruction, or removal through the entry of the requested order outweighs the hardship on any party against whom the order is to be entered;

(iii) an order entered under Subsection (ii) is effective for no more than 90 days, unless extended by the court for good cause shown or unless an indictment or information as described in Subsection (i) has been filed.

(b) A temporary restraining order may be entered upon application of the attorney general [or—a], county attorney, or a district attorney without notice or opportunity for a hearing, when an information or indictment has not yet been filed with respect to the property, if the attorney general [or], county attorney, or a district attorney demonstrates that there is probable cause to believe that the property with respect to which the order is sought would, in the event of conviction, be subject to forfeiture under this section and that provision of notice would jeopardize the availability of the property for forfeiture or would jeopardize an ongoing criminal investigation. The temporary order expires not more than ten days after it is entered unless extended for good cause shown or unless the property against whom it is entered consents to an extension. A hearing concerning an order entered under this subsection shall be held as soon as possible, and prior to the expiration of the temporary order.

(c) The court is not bound by the Utah Rules of Evidence regarding evidence it may receive and consider at any hearing held under this subsection.

(9) (a) Upon conviction of a person for violating any provision of Section 76-10-1603, the jury, if the case was tried to a jury, shall be instructed and asked to return a special verdict as to whether any of the property identified in the information or indictment is forfeitable under Subsections 76-10—1603.5 (1) and (2). Whether property is forfeitable shall be proven beyond a reasonable doubt.

(b) If the case is tried without a jury, the judge shall make specific written findings if he determines that the property identified in the information or indictment is forfeitable under Subsections 76-10—1603.5 (1) and (2). Whether property is forfeitable shall be proven beyond a reasonable doubt.

(10) (a) Upon conviction of a person for violating any provision of Section 76-10—1603 and upon the jury's special verdict or the judge's finding that the property is forfeitable, the court shall enter a judgment and order of forfeiture of the property to the state or the county and shall authorize the attorney general [or], the county attorney, or, if within a prosecution district, the district attorney to seize all property ordered forfeited upon the terms stated by the court in its order. Following the entry of an order declaring property forfeited, the court may, upon application of the attorney general [or], the county attorney, or the district attorney, enter appropriate restraining orders or injunctions, require the execution of satisfactory performance bonds, appoint receivers, conservators, appraisers, accountants, or trustees, or take any other action to protect the interest of the state or county in property ordered forfeited.

(b) Any income accruing to, or derived from, an enterprise or an interest in an enterprise or property which has been ordered forfeited under this section may be used to offset ordinary and necessary expenses to the enterprise which are required by law, or which are necessary to protect the interests of the state or county or third parties.

(11) (a) After seizure of property ordered forfeited under this section, the attorney general [or], the county attorney, or the district attorney shall direct the disposition of the property by sale or any other commercially feasible means, making provision for the rights of any innocent persons. Any property right or interest not exercisable by or transferable for value to the state or the county, expires and does not revert to the defendant. The defendant or any person acting in concert with or on behalf of the defendant is not eligible to purchase forfeited property.
at any sale held by the attorney general or the county attorney.

(b) The court may restrain or stay the sale or disposition of the property pending the conclusion of any appeal of the criminal case giving rise to the forfeiture, if the applicant demonstrates that proceeding with the sale or disposition of the property would result in irreparable injury, harm, or loss to him.

(c) The proceeds of any sale or other disposition of property forfeited under this section and any moneys forfeited may be used first to pay expenses of the forfeiture and the sale, including expenses of seizure, maintenance, and custody of the property pending its disposition, advertising, and court costs.

(12) Regarding property ordered forfeited under this section, the attorney general [or], the county attorney, or, if within a prosecution district, the district attorney may:

(a) grant petitions for mitigation or remission of forfeiture, restore forfeited property to victims of a violation of this chapter, or take any other action to protect the rights of innocent persons in the interest of justice and as is consistent with the provisions of this section;

(b) compromise claims arising under this section;

(c) award compensation to persons providing information resulting in a forfeiture under this section;

(d) direct the disposition by the state or the county of all property ordered forfeited under this section by public sale or any other commercially feasible means, making provision for the rights of innocent persons;

(e) destroy or otherwise dispose of property determined to be obscene or pornographic; and

(f) take appropriate measures necessary to safeguard and maintain property ordered forfeited under this section pending its disposition.

(13) Except under Subsection (16), a party claiming an interest in property subject to forfeiture under this section:

(a) may not intervene in a trial or appeal of a criminal case involving the forfeiture of property under this section; and

(b) may not commence an action at law or equity against the state or the county concerning the validity of his alleged interests in the property subsequent to the filing of an indictment or an information alleging that the property is subject to forfeiture under this section.

(14) The district court of the state which has jurisdiction of a case under this part may enter orders under this section without regard to location of any property which may be subject to forfeiture under this section, or which has been ordered forfeited under this section.

(15) To facilitate the identification or location of property declared forfeited and to facilitate the disposition of petitions for remission or mitigation of forfeiture, after the entry of an order declaring property forfeited to the state or county, the court may, upon application of the attorney general [or], the county attorney, or the district attorney order that the testimony of any witness relating to the property forfeited be taken by deposition, and that any book, paper, document, record, recording, or other material not privileged shall be produced as provided for depositions and discovery under the Utah Rules of Civil Procedure.

(16)(a) Following the entry of an order of forfeiture under this section, the attorney general [or], the county attorney, or the district attorney shall publish notice of the order and of its intent to dispose of the property as the court may direct. The attorney general [or], the county attorney, or the district attorney may also provide direct written notice to any person known to have an alleged interest in the property subject to the order of forfeiture, as a substitute for published notice as to those persons so notified.

(b) Any person, other than the defendant, asserting a legal interest in property which has been ordered forfeited to the state or to the county under this section may, within 30 days of the final publication of notice or his receipt of notice under Subsection (a), whichever is earlier, petition the court for a hearing to adjudicate the validity of his alleged interest in the property. The hearing is held before the court without a jury.

(c) The petition shall be in writing and signed by the petitioner under penalty of perjury. It shall set forth the nature and extent of the petitioner’s right, title, or interest in the property, the time and circumstances of the petitioner’s acquisition of the right, title, or interest in the property, and any additional facts supporting the petitioner’s claim, and the relief sought.

(d) The hearing on the petition shall, to the extent practicable, be held within 30 days of the filing of the petition. The court may consolidate the hearing on the petition and any petition filed by any other person under this section, other than the defendant.

(e) At the hearing, the petitioner may testify and present evidence and witnesses on his own behalf and cross-examine witnesses who appear at the hearing. The attorney general [or], county attorney, or district attorney may present evidence and witnesses in rebuttal and in defense of the claim to the property and cross-examine witnesses who appear at the hearing. In addition to testimony and evidence presented at the hearing, the court shall consider the relevant portion of the record of the criminal case which resulted in the order of forfeiture. The court is not bound by the Utah Rules of Evidence at a hearing held under this subsection.

(f) The court shall amend the order of forfeiture in accordance with its determination. If after the hearing the court determines that the petitioner has established by a preponderance of the evidence that:

(i) the petitioner has a legal right, title, or interest in the property, and the right, title, or interest renders the order of forfeiture invalid in whole or in part because the right, title, or interest was vested
property was not subject to forfeiture under this section; or

(ii) the petitioners are bona fide purchasers for value of the right, title, or interest in the property and at the time of purchase reasonably believed that the property was not subject to forfeiture under this section.

(g) Following the court's disposition of all petitions filed under this subsection, or if no petitions are filed following the expiration of the period provided in Subsection (b) for the filing of petitions, the state or the county has clear title to property subject to the order of forfeiture and may warrant good title to any subsequent purchaser or transferee.

spicacy or activity, the attorney general (or any),

county attorney, or district attorney as provided un-

der Sections 17-18-1 and 17-18-1.7 may upon

application and approval of the district court and for
good cause shown conduct a criminal investigation.

(b) The application and statement of good cause

shall state whether any other investigative order

related to the investigation at issue has been filed in

another court.

(2) (a) The attorney general (or), county attorney,
or district attorney may subpoena witnesses, com-
pel their attendance and testimony under oath to be

recorded or may

(b) The attorney general (or), county attorney, or
district attorney shall first apply to the district

court for each subpoena and shall show that the re-

quested information is reasonably related to the

criminal investigation authorized by the court.

(c) The prosecutor shall state in each subpoena:

(a) the time and place of the interrogation;

(b) that the subpoena is issued in aid of a criminal

investigation; and

(c) the right of the person subpoenaed to have
counsel present.

(4) The prosecutor shall also personally inform
each witness at the beginning of each compelled in-
terrogation:
(a) of the general subject matter of the investigation;
(b) of the privilege at any time during the proceeding to refuse to answer any question or produce any evidence of a communicative nature that may result in self-incrimination;
(c) that any information provided may be used against the witness in a subsequent criminal proceeding; and
(d) of the right to have counsel present.

(5) If the attorney general [or], county attorney, or district attorney has substantial evidence that the subpoenaed witness has committed a crime that is under investigation, he shall inform that witness in person prior to interrogation of that witness's target status and of the nature of the charges under consideration against him.

(6) (a) The subpoena need not disclose the names of possible defendants but shall state the time and place of the examination, which may be conducted anywhere within the jurisdiction of the prosecutor issuing the subpoena.

(b) Witness fees and expenses shall be paid as in a civil action.

(7)(a) The attorney general [or any], county attorney, or district attorney may make written application to any district court showing a reasonable likelihood that publicly releasing information about the identity of a witness or the substance of the evidence resulting from a subpoena or interrogation would pose a threat of harm to a person or otherwise impede the investigation. Upon a finding of reasonable likelihood the court may order the:

(i) interrogation of a witness be held in secret;
(ii) occurrence of the interrogation and other subpoenaed evidence, the identity of the person subpoenaed, and the substance of the evidence obtained be kept secret; and
(iii) record of testimony and other subpoenaed evidence be kept secret unless the court for good cause otherwise orders.

(b) After application, the court may by order exclude from any investigative hearing or proceeding any persons except the attorneys representing the state, members of their staffs, persons who in the judgment of the attorneys representing the state are reasonably necessary to assist in the investigative process, the court reporter or operator of the electronic recording device, and the attorney for the witness.

c) This chapter does not prevent attorneys representing the state or members of their staff from disclosing information obtained pursuant to this chapter for the purpose of furthering any official governmental investigation.

d) If a secrecy order has been granted by the court regarding the interrogation or disclosure of evidence by a witness under this subsection, and if the court finds a further restriction on the witness is appropriate, the court may order the witness not to disclose the substance of the witness's testimony or evidence given by the witness to others. Any order to not disclose made under this subsection shall be served with the subpoena. In an appropriate circumstance the court may order that the witness not disclose the existence of the investigation to others. Any order under this subsection must be based upon a finding by the court that one or more of the following risks exist:

(i) disclosure by the witness would cause destruction of evidence;
(ii) disclosure by the witness would taint the evidence provided by other witnesses;
(iii) disclosure by the witness to a target of the investigation would result in flight or other conduct to avoid prosecution;
(iv) disclosure by the witness would damage a person's reputation; or
(v) disclosure by the witness would cause a threat of harm to any person.

e) If the court imposes an order under Subsection (d) authorizing an instruction to a witness not to disclose the substance of testimony or evidence provided and the prosecuting agency proves by a preponderance of the evidence that a witness has violated that order, the court may hold the witness in contempt. An order of secrecy imposed on a witness under this subsection may not infringe on the attorney-client relationship between the witness and his attorney or on any other legally recognized privileged relationship.

(8) If the state's application and good cause showing for the order authorizing the investigation and the order itself contain the identities of witnesses and targets of the investigation, the attorney general [or], county attorney, or district attorney may submit an application to any district court showing a reasonable likelihood that publicly releasing information about those identities would pose a threat of harm to a person or otherwise impede the investigation. The court may order that the application, for good cause shown, and order for the entire investigation be kept secret unless the court for good cause otherwise orders.

Section 93. Section Amended.

Section 77-22-3, Utah Code Annotated 1953, as last amended by Chapter 123, Laws of Utah 1989, is amended to read:

77-22-3. Immunity granted to witness — False testimony — Refusal of witness to testify or produce evidence.

(1) In any investigation or prosecution of a criminal case, the attorney general [and any], county attorney, and district attorney as provided under Sections 17-18-1 and 17-18-1.7 may grant transactional immunity from prosecution to any person who is called or who is intended to be called as a witness on behalf of the state when the attorney general [or], county attorney, or district attorney finds that the testimony of the person is necessary to the investigation or prosecution of the case.
(3)(a) A prosecution may not be instituted against the person for any crime disclosed by his testimony pursuant to this chapter, unless the evidence is volunteered by such person or is not responsive to a question.

(b) However, if the person testifies falsely, immunity granted under this section does not prevent prosecution for perjury.

(3) (a) If during the investigation or prosecution any person refuses to answer a question or produce evidence of any kind on the ground that he may be incriminated, the attorney issuing the subpoena may file an application in writing with the district court in which the examination is being conducted for an order requiring that person to answer the question or produce the evidence requested.

(b) The court shall set a time for hearing and order the person to appear to show cause why the question should not be answered or the evidence produced.

(c) The court shall order the question answered or the evidence produced unless it finds that it would be clearly contrary to the public interest or could subject the witness to a criminal prosecution in another jurisdiction.

(d) If the witness still refuses to answer or produce the evidence, he is guilty of contempt of court and shall be punished accordingly.

(e) If the witness complies with the order and he would have been privileged to withhold the answer given or the evidence produced by him except for this section, he may not be prosecuted or subjected to penalty or forfeiture on account of any fact or act concerning which he was ordered to answer or produce evidence. However, he may be prosecuted or subjected to penalty for any perjury, false swearing or contempt committed in answering, failing to answer, or for producing or failing to produce any evidence in accordance with the order.

(b) [Also see] A party subpoenaed under this chapter shall be advised by the subpoena that he has a right to challenge the subpoena by motion to quash filed in the appropriate district court named in the subpoena before compliance is required.

(2) In any investigation relating to his functions under this chapter regarding controlled substances, the attorney general or a deputy or assistant attorney general [or] the county attorney [or] a deputy county attorney, or the district attorney or deputy district attorney may subpoena witnesses, compel the attendance and testimony of witnesses, or require the production of any records including books, papers, documents, and other tangible things that constitute or contain evidence found by the attorney general or a deputy or assistant attorney general or the county attorney or [assistant] district attorney as provided under Sections 17–18–1 and 17–18–1.7 or his deputy [county attorney] to be relevant or material to the investigation. The attendance of witnesses or the production of records may be required from any place within the state.

(3) Witnesses subpoenaed under this section shall be paid the same fees and mileage costs as witnesses in the state district courts.

(4) If the attorney general or a deputy or assistant attorney general or the county attorney or [assistant] district attorney or his deputy [county attorney] determines that disclosure of the existence of an administrative subpoena or of the information sought or of the existence of the investigation under which it is issued would pose a threat of harm to a person or otherwise impede the investigation, the subpoena shall contain language on its face directing that the witness not disclose to any person the existence or service of the subpoena, the information being sought, or the existence of an investigation.

Each application shall include:

(a) the identity of the investigative or law enforcement officer making the application, and the officer authorizing the application;

(b) a full and complete statement of the facts and circumstances relied upon by the applicant to justify his belief that an order should be issued, including:

(iv) the identity of the person, if known, committing the offense and whose communication is to be intercepted;

(c) a full and complete statement as to whether other investigative procedures have been tried and failed or why they reasonably appear to be either unlikely to succeed if tried or too dangerous;

(d) a statement of the period of time for which the interception is required to be maintained, and if the investigation is of a nature that the authorization for interception should not automatically terminate when the described type of communication has been first obtained, a particular description of facts establishing probable cause to believe that additional communications of the same type will occur thereafter;

(e) a full and complete statement of the facts concerning all previous applications known to the individual authorizing and the individual making the application, made to any judge for authorization to intercept, or for approval of interceptions of wire, electronic, or oral communications involving any of the same persons, facilities, or places specified in
the application, and the action taken by the judge on each application;

(f) when the application is for the extension of an order, a statement setting forth the results so far obtained from the interception, or a reasonable explanation of the failure to obtain results; and

(g) additional testimony or documentary evidence in support of the application as the judge may require.

(2) Upon application the judge may enter an ex parte order, as requested or as modified, authorizing or approving interception of wire, electronic, or oral communications within the territorial jurisdiction of the state if the judge determines on the basis of the facts submitted by the applicant that:

(a) there is probable cause for belief that an individual is committing, has committed, or is about to commit a particular offense under Section 17-23a-8;

(b) there is probable cause for belief that particular communications concerning that offense will be obtained through the interception;

(c) normal investigative procedures have been tried and have failed or reasonably appear to be either unlikely to succeed if tried or too dangerous; and

(d) except under Subsection (12), there is probable cause for belief that the facilities from which or the place where the wire, electronic, or oral communications are to be intercepted are being used, or are about to be used, in connection with the commission of the offense, or are leased to, listed in the name of, or commonly used by that person.

(3) Each order authorizing or approving the interception of any wire, electronic, or oral communication shall specify:

(b) except as provided in Subsection (12), the nature and location of the communications facilities as to which, or the place where, authority to intercept is granted;

(d) the identity of the agency authorized to intercept the communications, and of the persons authorizing the application; and

(e) the period of time during which the interception is authorized, including a statement as to whether the interception shall automatically terminate when the described communication has been first obtained.

(4) An order authorizing the interception of a wire, electronic, or oral communication shall, upon request of the applicant, direct that a provider of wire or electronic communications service, landlord, custodian, or other person shall furnish the applicant forthwith all information, facilities, and technical assistance necessary to accomplish the interception unobtrusively and with a minimum of interference with the services that the provider, landlord, custodian, or person is according the person whose communications are to be intercepted. Any provider of wire or electronic communications service, landlord, custodian, or other person furnishing the facilities or technical assistance shall be compensated by the applicant for reasonable expenses involved in providing the facilities or systems.

(5) (a) An order entered under this chapter may not authorize or approve the interception of any wire, electronic, or oral communication for any period longer than is necessary to achieve the objective of the authorization, but in any event for no longer than 30 days. The 30-day period begins on the day the investigative or law enforcement officer first begins to conduct an interception under the order, or ten days after the order is entered, whichever is earlier.

(b) Extensions of an order may be granted, but only upon application for an extension made under Subsection (1), and if the court makes the findings required by Subsection (2). The period of extension may be no longer than the authorizing judge considers necessary to achieve the purposes for which it was granted, but in no event for longer than 30 days.

(c) Every order and extension shall contain a provision that the authorization to intercept shall be executed as soon as practicable, shall be conducted so as to minimize the interception of communications not otherwise subject to interception under this chapter, and must terminate upon attainment of the authorized objective, or in any event within 30 days.

(d) If the intercepted communication is in a code or foreign language, and an expert in that foreign language or code is not reasonably available during the interception period, the minimizing of the interception may be accomplished as soon as practicable after the interception.

(e) An interception under this chapter may be conducted in whole or in part by government personnel or by an individual under contract with the government and acting under supervision of an investigative or law enforcement officer authorized to conduct the interception.

(f) When an order authorizing interception is entered under this chapter, the order may require reports to be made to the judge who issued the order, showing what progress has been made toward achievement of the authorized objective and the need for continued interception. These reports shall be made at intervals the judge may require.

(7) Notwithstanding any other provision of this chapter, any investigative or law enforcement officer who is specially designated by either the attorney general of the state, an assistant attorney general, a county attorney, or a district attorney, as provided under Sections 17-18-1 and 17-18-17, or his deputy [county attorney] may intercept wire, electronic, or oral communication if an application for an order approving the interception is made in accordance with this section and within 48 hours al-
ter the interception has occurred or begins to occur, when the investigative or law enforcement officer reasonably determines that:

(a) an emergency situation exists that involves:
   (i) immediate danger of death or serious physical injury to any person;
   (ii) conspiratorial activities threatening the national security interest; or
   (iii) conspiratorial activities characteristic of organized crime, that require a wire, electronic, or oral communication to be intercepted before an order authorizing interception can, with diligence, be obtained; and

(b) there are grounds upon which an order could be entered under this chapter to authorize the interception.

(b)(a) In the absence of an order under Subsection (7), the interception immediately terminates when the communication sought is obtained or when the application for the order is denied, whichever is earlier.

(b) If the application for approval is denied, or in any other case where the interception is terminated without an order having been issued, the contents of any wire, electronic, or oral communication intercepted shall be treated as having been obtained in violation of this chapter, and an inventory shall be served as provided for in Subsection (9)(d) on the person named in the application.

(9)(a) The contents of any wire, electronic, or oral communication intercepted by any means authorized by this chapter shall, if possible, be recorded on tape or wire or other comparable device. The recording of the contents of any wire, electronic, or oral communication under this subsection shall be done so as to protect the recording from editing or other alterations. Immediately upon the expiration of the period of an order, or extension, the recordings shall be made available to the judge issuing the order and sealed under his directions. Custody of the recordings shall be where the judge directs. The recordings may not be destroyed, except upon an order of the issuing or denying judge. In any event, it shall be kept for ten years. Duplicate recordings may be made for use or disclosure under Subsections 77-23a-9(1) and (2) for investigations. The presence of the seal provided by this subsection, or a satisfactory explanation for the absence of one, is a prerequisite for the use or disclosure of the contents of any wire, electronic, or oral communication or evidence derived from it under Subsection 77-23a-9(3).

(b) Applications made and orders granted under this chapter shall be sealed by the judge. Custody of the applications and orders shall be where the judge directs. The applications and orders shall be disclosed only upon a showing of good cause before a judge of competent jurisdiction and may not be destroyed, except on order of the issuing or denying judge. But in any event they shall be kept for ten years.

(c) Any violation of any provision of this subsection may be punished as contempt of the issuing or denying judge.

(d) Within a reasonable time, but not later than 90 days after the filing of an application for an order of approval under Subsection 77-23a-10(7) that is denied or the termination of the period of an order or extensions, the issuing or denying judge shall cause to be served on the persons named in the order or the application, and other parties to the intercepted communications as the judge determines in his discretion is in the interest of justice, an inventory, which shall include notice of:

(i) the entry of the order or application;
(ii) the date of the entry and the period of authorization, approved or disapproved interception, or the denial of the application; and
(iii) that during the period wire, electronic, or oral communications were or were not intercepted.

(e) The judge, upon filing of a motion, may in his discretion make available to the person or his counsel for inspection the portions of the intercepted communications, applications, and orders the judge determines to be in the interest of justice. On an ex parte showing of good cause to a judge of competent jurisdiction the serving of the inventory required by this subsection may be postponed.

(10) The contents of any intercepted wire, electronic, or oral communication, or evidence derived from any of them, may not be received in evidence or otherwise disclosed in any trial, hearing, or other proceeding in a federal or state court unless each party, not less than ten days before the trial, hearing, or proceeding, has been furnished with a copy of the court order, and accompanying application, under which the interception was authorized or approved. This ten-day period may be waived by the judge if he finds that it was not possible to furnish the party with the above information ten days before the trial, hearing, or proceeding and that the party will not be prejudiced by the delay in receiving the information.

(11)(a) Any aggrieved person in any trial, hearing, or proceeding in or before any court, department, officer, agency, regulatory body, or other authority of the United States, the state, or a political subdivision may move to suppress the contents of any intercepted wire, electronic, or oral communication, or evidence derived from any of them, on the grounds that:

(i) the communication was unlawfully intercepted;
(ii) the order of authorization or approval under which it was intercepted is insufficient on its face; or
(iii) the interception was not made in conformity with the order of authorization or approval.

(b) The motion shall be made before the trial, hearing, or proceeding unless there was no opportunity to make the motion or the person was not aware of the grounds of the motion. If the motion is granted, the contents of the intercepted wire, elec-
tronic, or oral communication, or evidence derived from any of them, shall be treated as having been obtained in violation of this chapter. The judge, upon the filing of the motion by the aggrieved person, may in his discretion make available to the aggrieved person or his counsel for inspection portions of the intercepted communication or evidence derived from them as the judge determines to be in the interests of justice.

(c) In addition to any other right to appeal, the state or its political subdivision may appeal from an order granting a motion to suppress made under Subsection (a), or the denial of an application for an order of approval, if the attorney bringing the appeal certifies to the judge or other official granting the motion or denying the application that the appeal is not taken for the purposes of delay. The appeal shall be taken within 30 days after the date the order was entered and shall be diligently prosecuted.

(12) The requirements of Subsections (1) (b), (ii), and (2)(d), and (3)(b) of this section relating to the specification of the facilities from which, or the place where, the communication is to be intercepted do not apply if:

(a) in the case of an applicant regarding the interception of an oral communication;

(1) (c) The Board of Pardons shall determine by majority decision when and under what conditions, subject to this chapter and other laws of the state, persons committed to serve sentences in class A misdemeanor cases at penal or correctional facilities which are under the jurisdiction of the Department of Corrections, and all felony cases except treason or impeachment or as otherwise limited by law, may be released upon parole, pardoned, restitution ordered, or have their fines, forfeitures, or restitution remitted, or their sentences commuted or terminated.

(b) The board may sit together or in panels to conduct hearings. The chairperson shall appoint members to the panels in any combination and in accordance with rules promulgated by the board, except in hearings involving commutation and pardons. The chairperson may participate on any panel and when doing so is chairperson of the panel. The chairperson of the board may designate the chairperson for any other panel.

(c) No restitution may be ordered, no fine, forfeiture, or restitution remitted, no parole, pardon, or commutation granted or sentence terminated, except after a full hearing before the board or the board’s appointed examiner in open session. Any action taken under this subsection other than by a majority of the board shall be affirmed by a majority of the board.

Nothing in this section prevents the obtaining or enforcement of a civil judgment.

(4) This chapter may not be construed as a denial of or limitation of the governor's power to grant respite or reprieve in all cases of convictions for offenses against the state, except treason or conviction on impeachment. However, respite or reprieve may not extend beyond the next session of the Board of Pardons and the board, at that session, shall continue or terminate the respite or reprieve, or it may commute the punishment, or pardon the offense as provided. In the case of conviction for treason, the governor may suspend execution of the sentence until the case is reported to the Legislature at its next session. The Legislature shall then either pardon or commute the sentence, or direct its execution.

(5) In determining when, where, and under what conditions offenders serving sentences may be paroled, pardoned, have restitution ordered, or have their fines or forfeitures remitted, or their sentences commuted or terminated, the Board of Pardons shall consider whether the persons have made or are prepared to make restitution as ascertained in accordance with the standards and procedures of Section 76-3-201, as a condition of any parole, pardon, remission of fines or forfeitures, or commutation or termination of sentence.

(2) When under this or a substantially similar act, a demand is made upon the governor of this state by the governor of another state for the surrender of a person charged in the other state with the crime of failing to provide support, the governor may call upon any county attorney or district attorney to investigate or assist in investigating the demand, and to report to him whether any action for support has been brought under this act or would be effective.

(3) If an action for the support would be effective and no action has been brought, the governor may delay honoring the demand for a reasonable time to permit prosecution of an action for support.

(4) If an action for support has been brought and the person demanded has prevailed in that action, the governor may decline to honor the demand.

(5) If an action for support has been brought and pursuant thereto the person demanded is subject to a support order, the governor may decline to honor the demand so long as the person demanded is complying with the support order.

Section 109. Section Amended.

Section 78-3a-25, Utah Code Annotated 1953, as last amended by Chapter 101, Laws of Utah 1992, is amended to read:

78-3a-25. Felony committed by juvenile — Hearing and certification to district court — Factors considered as to waiver of jurisdiction by juvenile court — Jurisdiction of Juvenile court — Termination and recall of Jurisdiction.

(1) (a) If the petition in the case of a juvenile 14 years of age or older alleges he committed an act which would constitute a felony if committed by an adult, and if the court after full investigation and a hearing finds that it would be contrary to the best interests of the juvenile or of the public to retain jurisdiction, the court may enter an order certifying that finding and directing that the juvenile be held for criminal proceedings in the district court and that a hearing be held before a committing magistrate as in other felony cases. |
| (b) | The provisions of Section 78-3a-35 and other provisions relating to proceedings in juvenile’s cases are applicable to the hearing held under this section to the extent they are pertinent. |
| (2) | In considering whether or not to waive jurisdiction over the juvenile, the juvenile court shall consider the following factors: |
| (a) | the seriousness of the offense and whether the protection of the community requires isolation of the juvenile beyond that afforded by juvenile facilities; |
| (b) | whether the alleged offense was committed by the juvenile in concert with two or more persons under circumstances which would subject the juvenile to enhanced penalties under Section 76-3-203.1 were he an adult; |
| (c) | whether the alleged offense was committed in an aggressive, violent, premeditated, or willful manner; |
| (d) | whether the alleged offense was committed against persons or property, greater weight being given to offenses against persons; |
| (e) | the maturity of the juvenile as determined by considerations of his home, environment, emotional attitude, and pattern of living; |
| (f) | the record and previous history of the juvenile; |
(g) the likelihood of rehabilitation of the juvenile by use of facilities available to the juvenile court;

(h) the desirability of trial and disposition of the entire offense in one court when the juvenile’s associates in the alleged offense are adults who will be charged with a crime in the district court;

(i) whether the juvenile uses a firearm in the commission of an offense; and

(j) whether the juvenile possesses a dangerous weapon on or about school premises as provided in Section 76-10-505.5.

(3) The amount of weight to be given to each of the factors listed in Subsection (2) is discretionary with the court.

(4) The juvenile court judge may enter an order certifying a juvenile to stand trial as an adult upon making a finding of any one or more of those factors set forth in Subsection (2).

(5) (a) The certification hearing is a dispositional proceeding, and while the juvenile court may hear evidence of the crime to establish there is a reasonable relationship between the charge and the juvenile, the court need not hold a preliminary hearing to establish probable cause that the juvenile committed the offense.

(b) Written reports and other materials relating to the juvenile’s mental, physical, educational, and social history shall be considered by the court, but the court, if requested by the juvenile, his parent, guardian, or other interested party, shall require the person, if reasonably available, or agency preparing the report and other material to appear and be subject to both direct and cross-examination.

(6) (a) When a petition in the case of a juvenile 16 years of age or older alleges any class of criminal homicide, attempted criminal homicide, or any other offense that would be a capital offense or a first degree felony if committed by an adult, the juvenile is subject to the jurisdiction of the juvenile court except under Subsection (6)(b).

(b) If an indictment on the charge is returned by a grand jury or a criminal information is filed by a county attorney or district attorney, the juvenile court is divested of jurisdiction under Section 78-3a-16. The charge shall be made and the proceedings regarding the charge shall be conducted in every respect as if the juvenile were an adult. A copy of the information or indictment shall be filed forthwith in the juvenile court as notice to that court.

(7) When a juvenile has been certified to the adult judicial system or when a criminal information or indictment is filed in a court of competent jurisdiction before a committing magistrate charging the juvenile with an offense under Subsection (6), the jurisdiction of the Division of Youth Corrections is terminated, and the jurisdiction of the juvenile court over the juvenile is terminated regarding that offense, any other offenses arising from the same criminal episode, and any subsequent misdemeanors or felonies charged against him, except as provided in Subsections (9) and (10).

(8) (a) Upon conviction a judge, may impose the penalties set forth in the criminal code or with the approval of the Division of Youth Corrections, the judge may commit the juvenile to the care, custody, and jurisdiction of the Division of Youth Corrections under the conditions specified by the division.

(b) A juvenile may be convicted under this section on the charges filed or on any other offense arising out of the same criminal episode.

(9) The juvenile court under Section 78-3a-16 and the Division of Youth Corrections regain jurisdiction and any authority previously exercised over the juvenile when:

(a) a magistrate determines there is insufficient probable cause for the juvenile to stand trial on the allegation or amended allegation;

(b) there is an acquittal or finding of not guilty or dismissal of the charges; or

(c) the matter is recalled under Subsection (10).

(10) (a) The juvenile or his parents, guardian, or custodian may request a hearing in juvenile court to recall jurisdiction to the juvenile court by filing a motion in the juvenile court. The motion shall be filed within ten calendar days from the date of the filing of the information. Upon receiving the motion, the juvenile court has jurisdiction to conduct a hearing and rule upon the motion to recall juvenile court jurisdiction. A hearing shall be held on the request within 15 calendar days of the filing.

(b) In determining whether or not to recall jurisdiction the juvenile court judge shall consider:

(i) the juvenile's chronological age;

(ii) the juvenile's legal record; and

(iii) the seriousness of the charge.

(c) The juvenile court judge may deny the motion upon a finding of one or more of the factors listed in Subsection (10)(b).

(d) If the juvenile court recalls jurisdiction under this subsection, the juvenile shall be returned to the juvenile court for further proceedings, which may include certification.

Section 10, Section Amended.

Section 78-3a-35, Utah Code Annotated 1953, as last amended by Chapter 161, Laws of Utah 1992, is amended to read:

78-3a-35. Hearings — Record — Right to counsel — Appointment of counsel for indigent — Cost — County attorney or district attorney to represent state — Special rules for certain violations — Admissibility of evidence.

(1) A verbatim record of the proceedings shall be taken by a court stenographer or by means of a mechanical recording device in all cases that might result in deprivation of custody as defined in this chapter. In all other cases a verbatim record shall also be made unless dispensed with by the court.

(2) (a) Parents, guardians, the child's custodian, and the child, if competent, shall be informed that
they have the right to be represented by counsel at every stage of the proceedings. They have the right to employ counsel of their own choice and, except in any private proceeding for deprivation of parental rights in which neither the county nor the state is the plaintiff, if any of them requests an attorney and is found by the court to be indigent, counsel shall be appointed by the court as provided in Section 78-3a-35.1. The court may appoint counsel without a request if it considers representation by counsel necessary to protect the interest of the child or of other parties.

(b) The cost of appointed counsel, including the cost of counsel and expense of appeal, shall be paid by the county in which the hearing is held. Counties may levy and collect taxes for these purposes. The court may order a child, parent, guardian, or custodian for whom counsel is appointed and the parents or guardian of any child for whom counsel is appointed to reimburse the county for the cost of appointed counsel.

(c) If the child and other parties were not represented by counsel, the court shall inform them at the conclusion of the proceedings that they have the right to appeal.

(3) The county attorney, if within a prosecution district, the district attorney shall represent the state in any proceeding in a child's case.

(4) The board may adopt special rules of procedure to govern proceedings involving violations of traffic laws or ordinances, fish and game laws, and boating laws. However, proceedings involving offenses under Section 78-3a-39.5 are governed to govern proceedings involving violations of traffic laws, traffic ordinances, fish and game laws, and boating laws. However, proceedings involving offenses under Section 78-3a-39.5 are governed.

(5) For the purpose of determining proper disposition of the child and for the purpose of establishing the fact of neglect or dependency, written reports and other material relating to the child's mental, physical, and social history and condition may be received in evidence and may be considered by the court along with other evidence. The court may require that the person who wrote the report or prepared the material appear as a witness if the person is reasonably available.

(6) For the purpose of establishing the fact of neglect or dependency, the court may in its discretion consider evidence of statements made by a child under eight years of age to a person in a trust relationship.

   c. Financing of residential rehabilitation in the area is economically feasible. These findings are not required, however, when the residential rehabilitation area is located within the boundaries of a project area covered by a project area redevelopment plan adopted in accordance with Section 17A-2-1226.

      c. The maximum amount loan for rehabilitation for each dwelling unit and for each commercial unit which is, or is part of a "residence" [within the meaning of that term] as defined in this [part] chapter, shall be $17,600 [established by resolution of the agency].

Section 33. Section Amended.

Section 17A-2-1247, Utah Code Annotated 1953, as renumbered and amended by Chapter 186, Laws of Utah 1990, is amended to read:

17A-2-1247. Tax increment financing authorized — Division of tax revenues — Greater allocation allowed if authorized by taxing agency.

(1) This section applies to projects for which a preliminary plan has been prepared prior to April 1, 1993, and for which all of the following have occurred prior to July 1, 1993: the agency blight study has been completed, and a hearing under Section 17A-2-1221 has in good faith been commenced by the agency.

(2) Any redevelopment plan may contain a provision that taxes, if any, levied upon taxable property in a redevelopment project each year by or for the benefit of the state, any city, county, city and county, district, or other public corporation (herein after sometimes called "taxing agencies") after the effective date of the ordinance approving the redevelopment plan, shall be divided as follows:

(a) That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of the taxing agencies upon the total sum of the taxable value of the taxable property in the redevelopment project as shown upon the assessment roll used in connection with the taxation of the property by the taxing agency, last equalized prior to the effective date of the ordinance, shall be allocated to and when collected shall be paid into the funds of the respective taxing agencies as taxes by or for the taxing agencies on all other property are paid for the purpose of allocating taxes levied by or for any taxing agency or agencies which did not include the territory in a redevelopment project on the effective date of the ordinance but to which the territory has been annexed or otherwise included after the effective date, the assessment roll of the county last equalized upon the effective date of the ordinance shall be used in determining the taxable value of the taxable property in the project on the effective date.

(b) In a redevelopment project with a redevelopment plan adopted before April 1, 1983, that portion of the levied taxes each year in excess of the amount allocated to and when collected paid into the funds of the respective taxing agencies under Subsection (4)(2)(a) shall be allocated to and when collected shall be paid into a special fund of the redevelopment agency to pay the principal of and interest on loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed, or otherwise incurred) by the redevelopment agency before April 1, 1983, to finance or refinance, in whole or in part, the redevelopment project. Payment of tax revenues to the redevelopment agency shall be subject to and shall except uncollected or delinquent taxes in the same manner as payments of taxes to other taxing agencies are subject to collection. Unless and until the total taxable value of the taxable property in a redevelopment project exceeds the total taxable value of the taxable property in the project as shown by the last equalized assessment roll referred to in Subsection (4)(2)(a), all of the taxes levied and collected upon the taxable property in the redevelopment project shall be paid into the funds of the respective taxing agencies. When the loans, advances, and indebtedness, if any, and any interest that have been paid, all moneys received from taxes upon the taxable property in the redevelopment project shall be paid into the funds of the respective taxing agencies as taxes on all other property are paid.

(c) Notwithstanding the provisions of Subsections (4)(b) (2)(a) and (e), Subsection 17A-2-1210 (4)(d) (5), or any other provision of this part, any loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed, or otherwise) issued prior to April 1, 1983, may be refinanced and repaid from 100% of that portion of the levied taxes paid into the special fund of the redevelopment agency each year in excess of the amount allocated to and when collected paid into the funds of the respective taxing agencies under Subsection (4)(2)(a) if the principal amount of loans, moneys advanced to, or indebtedness is not increased in the refinancing.

(d) In a redevelopment project with a redevelopment plan adopted before April 1, 1983, that portion of the levied taxes each year in excess of the amount allocated to and when collected paid into the funds of the respective taxing agencies under Subsection (4)(2)(a) shall be allocated to and when collected shall be paid into a special fund of the redevelopment agency according to the limits established in Subsection (4)(2)(f) to pay the principal of and in-
interest on loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed, or otherwise) incurred by the redevelopment agency after April 1, 1983, to finance or refinance, in whole or in part, the redevelopment project. Payment of tax revenues to the redevelopment agency shall be subject to and shall except uncollected or delinquent taxes in the same manner as payments of taxes to other taxing agencies are subject to collection. Unless and until the total taxable value of the taxable property in the redevelopment project exceeds the total taxable value of the taxable property in the project as shown by the last equalized assessment roll referred to in Subsection (4)(2)(a), all of the taxes levied and collected upon the taxable property in the redevelopment project shall be paid into the funds of the respective taxing agencies. When the loans, advances, and indebtedness, if any, and any interest have been paid, all moneys received from taxes upon the taxable property in the redevelopment project shall be paid into the funds of the respective taxing agencies as taxes on all other property are paid.

(e) In a redevelopment project with a redevelopment plan adopted after April 1, 1983, that portion of the taxes, levied each year in excess of the amount allocated to and when collected paid into the funds of the respective taxing agencies under Subsection (4)(2)(a) shall be allocated to and when collected shall be paid into a special fund of the redevelopment agency according to the limits established in Subsection (4)(2)(f) to pay the principal of and interest on the loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed, or otherwise) incurred by the redevelopment agency after April 1, 1983, to finance or refinance, in whole or in part, the redevelopment project. Payment of tax revenues to the redevelopment agency shall be subject to and shall except uncollected or delinquent taxes in the same manner as payments of taxes to other taxing agencies are subject to collection. Unless and until the total taxable value of the taxable property in a redevelopment project exceeds the total taxable value of the taxable property in the project as shown by the last equalized assessment roll referred to in Subsection (4)(2)(a), all of the taxes levied and collected upon the taxable property in the redevelopment project shall be paid into the funds of the respective taxing agencies. When the loans, advances, and indebtedness, if any, and any interest have been paid, all moneys received from taxes upon the taxable property in the redevelopment project shall be paid into the funds of the respective taxing agencies as taxes on all other property are paid.

(f) For purposes of Subsections (4)(2)(a) and (e), the maximum amounts which shall be allocated to and when collected shall be paid into the special fund of a redevelopment agency may not exceed the following percentages:

(i) for a period of the first five tax years commencing from the first tax year a redevelopment agency accepts an amount allocated to and when collected paid into a special fund of the redevelopment agency to pay the principal of and interest on loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed, or otherwise) which loans, advances, or indebtedness are incurred by the redevelopment agency after April 1, 1983, 100% of that portion of the levied taxes each year in excess of the amount allocated to and when collected paid into the funds of the respective taxing agencies under Subsection (4)(2)(a);

(g)(i) In addition to the maximum amounts which shall be allocated to and when collected shall be paid into the special fund of a redevelopment agency which are greater than those described in Subsection (4)(2)(f), a redevelopment agency established by the governing body of a first class city may receive the following additional percentages (which shall be allocated to and when collected shall be paid into the special fund of a redevelopment agency) which are greater than those described in Subsection (4)(2)(f) if the amount of the tax increment funding received from the greater and the value of the land for and the cost of the installation and construction of any building, facility, structure, or other improvement of a publicly or privately-owned convention center or sports complex, including parking and infrastructure improvements related to such convention center or sports complex for a period of the first 32 years commencing from the first tax year a redevelopment agency accepts an amount allocated to and when collected paid into a special fund of the redevelopment agency to pay the principal of and interest on the loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed, or otherwise) which loans, advances, or indebtedness are incurred by the redevelopment agency after April 1, 1983, 100% of that portion of the levied taxes each year in excess of the amount allocated to and when collected paid into the funds of the respective taxing agencies under Subsection (a).

(iv) a representative approved by the State School Board; and

(v) one representative who shall represent all of the remaining governing bodies of the other local taxing agencies that levy taxes upon the property within the proposed project area to serve as a nonvoting, ex-officio member of the committee. The representative shall be selected by resolution of each of the governing bodies of those taxing agencies.

(b) A taxing agency committee formed in accordance with this section has the authority to:

(i) represent all taxing entities in a project area and cast votes that will be binding on the governing boards of all taxing entities in a project area;

(iv) approve an exception to the limits on the value and size of project areas imposed by Section 17A-2-1210, or the time and amount of tax increment financing under this section.

(3) (a) An agency must obtain the majority consent of the taxing agency committee for the project area budget before an agency may collect any tax increment for a project area.

(b) The project area budget may be amended from time to time by obtaining the majority consent of the taxing agency committee. If an amendment is proposed and the taxing agency committee does not consent to the amendment, the agency will continue to operate under the previously approved, unamended project area budget.

(4) (a) An agency may collect tax increment from all or a part of a project area. The tax increment shall be paid to the agency in the same manner and at the same time as payments of taxes to other taxing agencies to pay the principal of and interest on loans, moneys advanced to, or indebtedness, whether funded, refunded, assumed, or otherwise, to finance or refinance, in whole or in part, the redevelopment or economic development project according to the limits established by majority consent of the taxing agency committee.

(b) The agency may elect one of the following alternatives for tax increment collection:

(1) 100% of annual tax increment to be paid to the agency for a period of twelve years commencing from the first tax year an agency accepts tax increment from a project area; or

(5) (a) The redevelopment plan shall contain a provision that provides that the portion of the taxes, if any, due to an increase in the tax rate by a taxing agency after the date the project area budget is approved by the taxing agency committee may not be allocated to and when collected paid into a special fund of the redevelopment agency according to the provisions of Subsection (4) unless the taxing agency committee approves the inclusion of the increase in the tax rate at the time the project area budget is approved. If approval of the inclusion of the increase in the tax rate is not obtained, the portion of the taxes attributable to the increase in the rate shall be distributed by the county to the taxing agency imposing the tax rate increase in the same manner as other property taxes.

(b) In each year in which there are increases or decreases in the tax rate of a taxing agency as de-

(c) Notwithstanding the increase or decrease resulting from Subsection (b), the amount of money allocated to and when collected paid to the agency each year for payment of bonds or other indebtedness may not be less than would have been allocated to and when collected paid to the agency each year if there had been no increase or decrease under Subsection (b).

(c) any forfeiture of a conveyance subject to a bona fide security interest is subject to the interest of a secured party who could not have known in the exercise of reasonable diligence that a violation would or did take place in the use of the conveyance;

(2) Property subject to forfeiture under this section may be seized by any peace officer of this state upon notice and service of process issued by any court having jurisdiction over the property. However, seizure without notice and service of process may be made when:

(a) A complaint verified on oath or affirmation shall be prepared by the county attorney where the property was seized or is to be seized. The complaint shall be filed in the circuit or district court if the property is not real property and the value is less than $10,000. The complaint shall be filed in the district court if the value of property other than real property is $10,000 or more or the property is real property. If the complaint includes property under the jurisdiction of the circuit court and also property under the exclusive jurisdiction of the district court, the complaint shall be filed in the district court. The complaint shall describe with reasonable particularity:

The petition shall specify the claimant's interest in the property and his right to have it released. A copy shall be served upon the county attorney in the county of the seizure, who shall answer the petition within 20 days. A petitioner need not answer a complaint of forfeiture.

(f) After 20 days following service of a complaint or petition for release, the court shall examine the record and if no answer is on file, the court shall allow the complainant or petitioner an opportunity to present evidence in support of his claim and order forfeiture or release of the property as the court determines. If the county attorney has not filed an answer to a petition for release and the court determines from the evidence that the petitioner is not entitled to recovery of the property, it shall enter an order directing the county attorney to answer the petition within ten days. If no answer is filed within that period, the court shall order the release of the property to the petitioner entitled to receive it.

(g) When an answer to a complaint or petition appears of record at the end of 20 days, the court shall set the matter for hearing within 20 days. At this hearing, all interested parties may present evidence of their rights of release of the property following the state's evidence for forfeiture. The court shall determine by a preponderance of the evidence the issues in the case and order forfeiture or release of the property as it determines.

(h) Proceedings of this section are independent of any other proceedings, whether civil or criminal, under this chapter or the laws of this state.

(i) When the court determines that claimants have no right in the property in whole or in part, it shall declare the property to be forfeited and direct it to be delivered to the custody of the Division of Finance. The division shall dispose of the property under Subsection (5).

(i) upon each claimant whose name and address is known, at the last known address of the claimant, or upon each owner whose right, title, or interest is of record in the Division of Motor Vehicles, by mailing a copy of the notice and complaint by certified mail to the address given upon the records of the division, which service is considered complete even though the mail is refused or cannot be forwarded; and

(ii) upon all other claimants whose addresses are unknown, but who are believed to have an interest in the property, by one publication in a newspaper of general circulation in the county where the seizure was made.

(d) Except under Subsection (5)(e), any claimant or interested party shall file with the court a verified answer to the complaint within 20 days after service has been obtained.

(e) When property is seized under this section, any interested person or claimant of the property, prior to being served with a complaint under this section, may file a petition in the court having jurisdiction for release of his interest in the property. The peti-

tion shall specify the claimant's interest in the property and his right to have it released. A copy shall be served upon the county attorney in the county of the
seizure, who shall answer the petition within 20 days. A petitioner need not answer a complaint of forfeiture.

(f) After 20 days following service of a complaint or petition for release, the court shall examine the record and if no answer is on file, the court shall allow the complainant or petitioner an opportunity to present evidence in support of his claim and order forfeiture or release of the property as the court determines. If a prosecuting agency has not filed an answer to a petition for release and the court determines from the evidence that the petitioner is not entitled to recovery of the property, it shall enter an order directing the prosecuting agency to answer the petition within ten days. If no answer is filed within that period, the court shall order the release of the property to the petitioner entitled to receive it.

(g) When an answer to a complaint or petition appears of record at the end of 20 days, the court shall set the matter for hearing within 20 days. At this hearing all interested parties may present evidence of their rights of release of the property following the state's evidence for forfeiture. The court shall determine by a preponderance of the evidence the issues in the case and order forfeiture or release of the property as it determines.

(h) When the court determines that claimants have no right in the property in whole or in part, it shall declare the property to be forfeited and direct it to be delivered as provided in Subsection (6).

(i) When the court determines that property, in whole or in part, is not subject to forfeiture, it shall order release of the property to the proper claimant.

(j) If the court determines that the property is subject to forfeiture and release in part, it shall order partial release and partial forfeiture. When the property cannot be divided for partial forfeiture and release, the court shall order it sold and the proceeds distributed:

(i) first, to defray the costs of the action, including seizure, storage of the property, legal costs of filing and pursuing the forfeiture, and costs of sale;

(b) If the seizing agency makes no application or the court does not make a finding under Subsection (6)(a) that the seizing agency should be awarded the property, the forfeited property shall be deposited in the custody of the Division of Finance. Any state agency, bureau, county, municipality, or drug strike force which demonstrates a need for specific property or classes of property which has been forfeited shall be given the property for use in enforcement of laws prohibiting specified unlawful activity or in enforcement of this part after payment to the prosecuting agency of legal costs for filing and pursuing the forfeiture and upon the application for the property to the director of the Division of Finance. The application shall clearly set forth the need for the property and the use to which the property will be put.

(c) The director of the Division of Finance shall review all applications for property deposited under Subsection (6)(b) and make a determination based on necessity and advisability as to final disposition and shall notify the designated applicant, who may obtain the property after payment of all costs to the appropriate department. The Division of Finance shall reimburse the prosecuting agency for costs of filing and pursuing the forfeiture action, not to exceed the amount of the net proceeds received from the sale of the property.

(d) If no disposition is made upon an application under Subsections (6)(a), (b), or (c), the Division of Finance shall dispose of the property by public bidding, or, as considered appropriate, by destruction. Proceeds from the sale of the property under this subsection shall be distributed as provided in Subsection (e).

(e) Property forfeited under Subsection (1)(c) for violation of Section 76-10-1903 and proceeds from the sale of the property under Subsection (6)(d) shall be awarded and ordered distributed to the General Fund.

dant or any person acting in concert with or on behalf of the defendant is not eligible to purchase forfeited property at any sale ordered by the court.

(b) The court may restrain or stay the sale or disposition of the property pending the conclusion of any appeal of the criminal case giving rise to the forfeiture, if the applicant demonstrates that proceeding with the sale or disposition of the property would result in irreparable injury, harm, or loss to him.

(c) The proceeds of any sale or other disposition of property forfeited under this section or any monies forfeited may be used first to pay the expenses of the forfeiture and the sale including expenses of seizure, maintenance, and custody of the property pending its disposition, advertising, and court costs.

(d) Disposition of property forfeited under Subsections (7) through (13) shall be as provided in Subsection (6).

(e) Notwithstanding any provisions of this section to the contrary, the state is obligated to search the lien records applicable to the forfeitable property to determine whether any valid lien against the property has been perfected. As long as the lien holder did not violate the provisions of this section, title to forfeitable property shall be subject to such lien, and the state will either give possession of the property to the lien holder or pay to the lien holder the amount secured by the lien.

(11) In any forfeiture proceeding under Subsections (7) through (13), the prosecutor prosecuting the defendant may:

(a) petition the court for mitigation or remission of forfeiture, for restoration of forfeited property to victims of a violation of this section or to take any other action to protect the rights of innocent persons in the interest of justice and the court may, in its discretion, grant the petition;

(b) compromise claims arising under this section;

(c) award compensation to persons providing information resulting in a forfeiture under this section;

AN ACT RELATING TO AERONAUTICS; PROHIBITING FLYING WHILE UNDER THE INFLUENCE; PROVIDING A PENALTY; INCLUDING IMPLIED CONSENT PROVISIONS; PROVIDING FOR TESTING AND TESTING STANDARDS; AND SPECIFYING ADMISSIBILITY.

THIS ACT AFFECTS SECTIONS OF UTAH CODE ANNOTATED 1953 AS FOLLOWS:

ENACTS:
2-6-101, UTAH CODE ANNOTATED 1953
2-6-102, UTAH CODE ANNOTATED 1953
2-6-103, UTAH CODE ANNOTATED 1953
2-6-104, UTAH CODE ANNOTATED 1953

Be it enacted by the Legislature of the state of Utah:

Section 1. Section Enacted.

Section 2-6-101, Utah Code Annotated 1953, is enacted to read:

CHAPTER 2. FLYING WHILE INTOXICATED

2-6-101. Flying under the influence of alcohol, drugs, or with specified or unsafe blood alcohol concentration — Measurement of blood or breath alcohol — Criminal punishment — Arrest without warrant.

(1) (a) A person may not operate or be in actual physical control of an aircraft within this state if the person:

(i) has a blood or breath alcohol concentration of .04 grams or greater as shown by a chemical test given within two hours after the alleged operation or physical control; or

(ii) is under the influence of alcohol, any drug, or the combined influence of alcohol and any drug to a degree that renders the person incapable of safely operating an aircraft.

(b) The fact that a person charged with violating this section is or has been legally entitled to use alcohol or a drug is not a defense against any charge of violating this section.

(2) Alcohol concentration in the blood shall be based upon grams of alcohol per 100 milliliters of blood, and alcohol concentration in the breath shall be based upon grams of alcohol per 210 liters of breath.

(3) (a) A person convicted of a violation of Subsection (1) is guilty of:

(i) class B misdemeanor; or

(ii) class A misdemeanor if the person has also inflicted bodily injury upon another as a proximate result of having operated the aircraft in a negligent manner.

(b) In this section, the standard of negligence is that of simple negligence, the failure to exercise that degree of care that an ordinarily reasonable and prudent person exercises under like or similar circumstances.

(4) A peace officer may, without a warrant, arrest a person for a violation of this section when the officer has probable cause to believe:

(a) the violation has occurred, although not in his presence; and

(b) the violation was committed by that person.

Section 2. Section Enacted.

Section 2-6-102, Utah Code Annotated 1953, is enacted to read:

2-6-102. Implied consent to chemical tests for alcohol or drug — Number of tests — Refusal — Person incapable of refusal — Results of test available — Who may give test — Evidence.

(1) (a) A person operating an aircraft in this state consents to a chemical test or tests of his breath, blood, or urine:

(i) for the purpose of determining whether he was operating or in actual physical control of an aircraft while having a blood or breath alcohol content statistically prohibited under Section 2-6-101, or while under the influence of alcohol, any drug, or combination of alcohol and any drug under Section 2-6-101, if the test is or tests are administered at the direction of a peace officer having grounds to believe that person to have been operating or in actual physical control of an aircraft in violation of Section 2-6-101; or

(ii) if the person operating the aircraft is involved in an accident that results in death, serious injury, or substantial aircraft damage.

(b) (i) The peace officer determines which of the tests are administered and how many of them are administered.

(ii) The peace officer may order any or all tests of the person's breath, blood, or urine.

(iii) If an officer requests more than one test, refusal by a person to take one or more requested tests, even though he does submit to any other requested test or tests, is a refusal under this section.

(c) (i) A person who has been requested under this section to submit to a chemical test or tests of his breath, blood, or urine may not select the test or tests to be administered.

(ii) The failure or inability of a peace officer to arrange for any specific chemical test is not a defense to taking a test requested by a peace officer, and it is not a defense in any criminal, civil, or administrative proceeding resulting from a person's refusal to submit to the requested test or tests.
(2)(a) If the person has been placed under arrest and has then been requested by a peace officer to submit to any one or more of the chemical tests provided in Subsection (1) and refuses to submit to any chemical test, the person shall be warned by the peace officer requesting the test that a refusal to submit to the test is admissible in civil or criminal proceedings as provided under Subsection (8).

(b) Following this warning, unless the person immediately requests that the chemical test offered by a peace officer be administered, a test may not be given.

(3) Any person who is dead, unconscious, or in any other condition rendering him incapable of refusal to submit to any chemical test or tests is considered to not have withdrawn the consent provided for in Subsection (1), and the test or tests may be administered whether the person has been arrested or not.

(4) Upon the request of the person who was tested, the results of the test or tests shall be made available to him.

(6)(a) Only a physician, registered nurse, practical nurse, or person authorized under Subsection 26-1-301(x) to draw blood under Section 41-6-44.10 who, at the direction of a peace officer, may withdraw blood to determine the alcohol or drug content. This limitation does not apply to the taking of a urine or breath specimen.

(b) Any physician, registered nurse, practical nurse, or person authorized under Subsection 26-1-301(x) to draw blood under Section 41-6-44.10 who, at the direction of a peace officer, draws a sample of blood from any person whom a peace officer has reason to believe is flying in violation of this chapter, or hospital or medical facility at which the sample is drawn, is immune from any civil or criminal liability arising from drawing the sample, if the test is administered according to standard medical practice.

(6)(a) The person to be tested may, at his own expense, have a physician of his own choice administer a chemical test in addition to the test or tests administered at the direction of a peace officer.

(b) The failure or inability to obtain the additional test does not affect admissibility of the results of the test or tests taken at the direction of a peace officer, or preclude or delay the test or tests to be taken at the direction of a peace officer.

(c) The additional test shall be subsequent to the test or tests administered at the direction of a peace officer.

(7) For the purpose of determining whether to submit to a chemical test or tests, the person to be tested does not have the right to consult an attorney or have an attorney, physician, or other person present as a condition for the taking of any test.

(8) If a person under arrest refuses to submit to a chemical test or tests or any additional test under this section, evidence of any refusal is admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person was operating or in actual physical control of an aircraft while under the influence of alcohol, any drug, or combination of alcohol and any drug.

(9) The results of any test taken under this section or the refusal to be tested shall be reported to the Federal Aviation Administration by the peace officer requesting the test.

Section 3. Section Enacted.

Section 2-6-103, Utah Code Annotated 1953, is enacted to read:

2-6-103. Standards for chemical breath analysis — Evidence.

(1) The commissioner of the Department of Public Safety shall establish standards for the administration and interpretation of chemical analysis of a person's breath, including standards of training.

(2) In any action or proceeding in which it is material to prove that a person was operating or in actual physical control of an aircraft while under the influence of alcohol or any drug or operating with a blood or breath alcohol content statutorily prohibited, documents offered as memoranda or records of acts, conditions, or events to prove that the analysis was made and the instrument used was accurate, according to standards established in Subsection (1), are admissible if:

(a) the judge finds that they were made in the regular course of the investigation at or about the time of the event, condition, or event; and

(b) the source of information from which made and the method and circumstances of their preparation indicate their trustworthiness.

(3) If the judge finds that the standards established under Subsection (1) and the conditions of Subsection (2) have been met, there is a presumption that the test results are valid and further foundation for introduction of the evidence is unnecessary.

Section 4. Section Enacted.

Section 2-6-104, Utah Code Annotated 1953, is enacted to read:

2-6-104. Admissibility of chemical test results in actions for flying under the influence — Weight of evidence.

(1)(a) In any civil or criminal action or proceeding in which it is material to prove that a person was operating or in actual physical control of an aircraft while under the influence of alcohol, drugs, or with a blood or breath alcohol content statutorily prohibited, the results of a chemical test or tests as authorized in Section 2-6-102 are admissible as evidence.

(b) In a criminal proceeding, noncompliance with Section 2-6-102 does not render the results of the chemical test inadmissible. Evidence of a defendant's blood or breath alcohol content or drug content is admissible except when prohibited by Rules of Evidence or the constitution.

(2) If the chemical test was taken more than two hours after the alleged flying or actual physical control
trol, the test result is admissible as evidence of the person's blood or breath alcohol level at the time of the alleged operating or actual physical control, but the trier of fact shall determine what weight is given to the result of the test.

(3) This section does not prevent a court from receiving otherwise admissible evidence as to a defendant's blood or breath alcohol level or drug level at the time of the alleged operating or actual physical control.

(b) "Natural gas liquids" means those hydrocarbons initially in reservoir natural gas, regardless of gravity, that are separated in gas processing plants from the natural gas as liquids at the surface through the process of condensation, absorption, adsorption, or other methods.

(4) "Net-back method" means a method for calculating the fair market value of oil or gas at the well. Under this method, costs of transportation, not to exceed 60% of the value of the oil or gas, and processing shall be deducted from the proceeds received for the oil or gas and any extracted or processed products, or from the value of the oil or gas or any extracted or processed products at the first point at which the fair-market value for those products is determined by a sale pursuant to a arm's-length contract or comparison to other sales of those products. Processing and transportation costs shall be deducted only from the value of the processed or transported product.
